**From:** Justish Anandan I  
**Sent:** 03 June 2021 16:56  
**To:** divyaj@patriciancollege.ac.in  
**Subject:** Seeking your department Social Work Students support in Collecting Research Study Samples  
**Importance:** High

Dear Divya Madam,

Greetings from World Vision India.

As discussed over phone, please find below the research study details

**Study Titled:** Informing the design of a resilient mechanism of restitution and compensation for disaster-affected households

**Objective:** This research aims at designing a comprehensive restitution and compensation mechanism for disaster affected victims, which can put them back to same or better condition as before disaster. This is an ambitious objective and requires long-term research commitment with limited or no short-term benefits/improvements. The first step towards achieving this bigger objective is to examine the impact of disasters, both natural and man-made, on the wellbeing of individuals and households across multiple dimensions of wellbeing including, but not limited to, health, education, employment, psychological, social, leisure and recreation, financial, property and wealth, as well as familial wellbeing

**About World Vision India:** World Vision is one of the world's leading child- focused humanitarian organizations. With nearly 65 years of experience in India, World Vision works in 191 districts impacting 26 lakh children and their families in over 6200 communities spread across 26 states of India. We work along with children, families, and communities to address issues of Health, Nutrition, WASH, education, child protection, climate change, gender, disability and humanitarian emergencies in partnership with governments, civil society, donors and corporates. The focus of World Vision India's operations is to improve child well-being in the communities we work. Our goal is the 'sustained well-being of children within families and communities, especially the most vulnerable.'

**Required Support from Patrician College – Social Work Department:** We have developed a questionnaire for this study and prepared the tool in Kobocollect – digital app to reduce the error. The sample size chosen was **450 from** 3 locations namely Kannagi nagar, Perumbakkam and Ezhil Nagar. Required sample from each locations is 150, so we are planning to deploy 10 students for each location. Due to lengthy forms one person can collect max of 3 forms per day, so 10 person will collect 30 forms. In a span of 5 days the desired samples can be collected. **We have decided to pay INR 200 per forms** to students directly as a remuneration. The amount will be credited directly via wire transfer. We will orient them on the protocols pertain to pandemic and also technicality of the study before they start collecting the sample. In each location World Vision India Volunteers will be guiding the students and ensure safety of every individual.
