

EXTENSION AND OUTREACH REPORT 2

BEACH CLEANUP RALLY

Title of the Programme: Beach Cleanup Rally

Date: 21/08/22

Resource Person: Archana

Venue: Besant Nagar

Programme

Summary:

The Beach Cleanup Rally organized by the Department of Commerce Shift 1 at Patrician College of Arts and Science aimed to raise awareness about environmental conservation while actively contributing to the cleanliness of the local beaches. The event brought together students, faculty, and community members to participate in a collective effort to preserve the beauty of Besant Nagar beach.

Objectives:

To educate participants about the importance of environmental conservation, specifically focusing on marine ecosystems and coastal areas.

To engage participants in hands-on activities to clean up and remove litter from Besant Nagar beach, thereby fostering a sense of responsibility towards environmental stewardship.

To inspire participants to continue advocating for and practicing sustainable habits in their daily lives, promoting long-term positive change in their communities.

Outcomes:

Increased awareness among participants about the detrimental effects of pollution on marine life and ecosystems.

Removal of a significant amount of litter from Besant Nagar beach, resulting in a cleaner and safer environment for both wildlife and beachgoers.

Empowerment of participants to take proactive steps towards environmental conservation through ongoing community involvement and individual behavioral changes.

Feedbacks:

"Participating in the Beach Cleanup Rally was an eye-opening experience. It made me realize the magnitude of the pollution problem facing our beaches, and I am now more motivated to reduce my own plastic usage." - Komathi

"The event was well-organized, and it was heartening to see so many students and volunteers come together for a common cause. I believe initiatives like these are essential for creating a cleaner and greener future." - Vanishree

"As a local resident, I appreciate the efforts of Patrician College in organizing events that benefit the community and the environment. I hope to see more collaborations like this in the future." - Kevin

The Beach Cleanup Rally at Besant Nagar beach exemplified the commitment of Patrician College of Arts and Science towards environmental sustainability and community

engagement. By fostering awareness, action, and collaboration, the event made a meaningful contribution to the preservation of our natural resources and the promotion of responsible citizenship.

AWARENESS PROGRAMME ON OZONE DAY 2022

Title of the Programme: Awareness Programme on OZONE Day 2022

Date: 15/09/22

Resource Persons: Mrs. Josephine Sahaya Rani & Mr. G. Thangaraj

Programme

Summary:

The Awareness Programme on OZONE Day 2022, organized by the Department of Commerce Shift 1 at Patrician College of Arts and Science, aimed to educate students and faculty about the importance of ozone layer protection and environmental conservation. The event highlighted the significance of OZONE Day and encouraged participants to take action towards mitigating ozone depletion and promoting sustainable practices.

Objectives:

To raise awareness among students and faculty about the causes and consequences of ozone depletion.

To educate participants about the role of the ozone layer in protecting life on Earth and the need for collective action to preserve it.

To inspire students and faculty to adopt environmentally-friendly behaviors and advocate for policies that promote ozone layer protection.

Outcomes:

Enhanced understanding among participants about the factors contributing to ozone depletion, such as the use of ozone-depleting substances and industrial pollutants.

Increased appreciation for the importance of international agreements like the Montreal Protocol in addressing ozone depletion and promoting global cooperation on environmental issues.

Empowerment of participants to make informed choices in their daily lives that contribute to ozone layer protection, such as reducing emissions and supporting sustainable technologies.

Feedbacks:

"The Awareness Programme on OZONE Day was enlightening, and it made me more aware of the environmental challenges we face. I now feel motivated to take personal responsibility for reducing my carbon footprint." - Student Mallika

"The resource persons provided valuable insights into the science of ozone depletion and its implications for our planet. I appreciate the efforts of the Department of Commerce in organizing such informative events." - Vinothini

"As a member of the local community, I am pleased to see educational institutions like Patrician College taking proactive steps to address environmental issues. This programme has inspired me to become more involved in environmental advocacy." - Karthik

The Awareness Programme on OZONE Day 2022 at Patrician College of Arts and Science served as a platform for fostering environmental awareness and promoting sustainable practices among students, faculty, and the community. By highlighting the importance of

ozone layer protection, the event contributed to building a more environmentally-conscious campus and society.

DRUG AWARENESS PROGRAMME

Title of the Programme: Drug Awareness Programme

Date: 24/09/22

Resource Person: J-7 Police Station

Venue: Pallavakkam Beach

Programme

Summary:

The Drug Awareness Programme, conducted in association with the Tamilnadu Police Department, aimed to educate students and the local community about the dangers of drug abuse and the importance of prevention and intervention. Hosted at Pallavakkam Beach, the event provided valuable insights and resources to help combat substance abuse and promote a drug-free society.

Objectives:

To raise awareness among students and the community about the harmful effects of drug abuse on individuals and society.

To facilitate discussions and provide information on identifying signs of drug abuse and accessing support services.

To foster collaboration between educational institutions and law enforcement agencies in addressing drug-related issues and promoting community well-being.

Outcomes:

Increased awareness among participants about the risks associated with drug abuse, including health consequences, legal implications, and social impacts.

Empowerment of participants to recognize and respond to signs of drug abuse in themselves or others, as well as to seek assistance from relevant authorities and support networks.

Strengthened partnerships between Patrician College of Arts and Science and the Tamilnadu Police Department, enhancing efforts to prevent and address drug-related problems in the community.

Feedbacks:

"The Drug Awareness Programme was an eye-opener for me. I learned about the various substances that are abused and their effects on health and society. It's crucial to spread awareness about this issue, and I commend the college and police department for organizing such an informative event." -Fathima Banu

"As a parent, I appreciate initiatives like this that educate young people about the dangers of drugs. The collaboration between the college and the police department sends a strong message that substance abuse will not be tolerated, and resources are available for those who need help." - Mounika

"The programme at Pallavakkam Beach was well-executed, and it's commendable to see the active involvement of law enforcement in addressing community issues. I hope to see more collaborative efforts like this in the future to create safer and healthier communities." - Lalithashree

The Drug Awareness Programme, organized in collaboration with the Tamilnadu Police Department, underscored the commitment of Patrician College of Arts and Science to promoting student well-being and community welfare. By engaging participants in dialogue and providing education on substance abuse prevention, the event contributed to building a safer and more resilient society.

DRUG AWARENESS PROGRAMME

Title of the Programme: Drug Awareness Programme

Date: 24/09/22

Resource Person: J-7 Police Station

Venue: Pallavakkam Beach

Programme

Summary:

The Drug Awareness Programme, held in collaboration with the Tamilnadu Police Department, aimed to educate students and the wider community about the dangers of substance abuse and the importance of prevention. Located at Pallavakkam Beach, the event facilitated discussions on recognizing signs of drug abuse, accessing support services, and promoting a drug-free lifestyle.

Objectives:

To increase awareness among participants, particularly students, about the detrimental effects of drug abuse on individuals and society.

To provide resources and information to empower attendees to identify and respond to instances of drug abuse effectively.

To strengthen the relationship between educational institutions and law enforcement agencies in addressing substance abuse issues within the community.

Outcomes:

Enhanced awareness among participants about the various substances commonly abused, their associated risks, and the consequences of addiction.

Increased knowledge and understanding of the support systems available for individuals struggling with substance abuse, including avenues for seeking help and rehabilitation.

Improved collaboration and coordination between Patrician College of Arts and Science and the Tamilnadu Police Department in efforts to combat drug abuse and promote community well-being.

Feedbacks:

"Attending the Drug Awareness Programme was incredibly insightful. It provided valuable information about the dangers of drug abuse and how to recognize the signs. I appreciate the efforts of both the college and the police department in organizing this event." - Poornima

"As a member of the local community, I believe initiatives like this are crucial for addressing substance abuse issues effectively. The collaboration between the college and law enforcement sends a strong message about our collective commitment to creating a safer environment." - Chnadrika

"The programme at Pallavakkam Beach was well-organized and informative. It's reassuring to see educational institutions and the police department working together to tackle substance abuse. I hope to see more initiatives like this in the future." - Visalakshi

The Drug Awareness Programme, conducted in partnership with the Tamilnadu Police Department, exemplified Patrician College of Arts and Science's dedication to promoting student welfare and community engagement. By providing education and resources on substance abuse prevention, the event contributed to fostering a healthier and safer environment for all.

DRUG AWARENESS PROGRAMME

Title of the Programme: Drug Awareness Programme

Date: 01/10/22

Resource Person: Dr. Sundar

Venue: Kotturpurram Railway Station

Programme

Summary:

The Drug Awareness Programme organized by the Department of Commerce Shift 1 at Patrician College of Arts and Science aimed to educate the public, particularly commuters using the Kotturpurram Railway Station, about the dangers of drug abuse and the importance of prevention. Dr. Sundar led the initiative, providing valuable information and resources to raise awareness and promote healthier lifestyle choices.

Objectives:

To raise awareness among commuters and the general public about the risks associated with drug abuse and addiction.

To educate participants about the signs and symptoms of drug abuse and the available support systems for those in need of assistance.

To foster a sense of community responsibility in addressing drug-related issues and promoting a drug-free environment in public spaces.

Outcomes:

Increased awareness among commuters and passersby about the detrimental effects of drug abuse on individuals, families, and communities.

Empowerment of participants to recognize and respond to instances of drug abuse, either in themselves or others, by providing information on available resources for help and support.

Promotion of a culture of vigilance and cooperation among the community members to actively combat drug-related problems and create safer public spaces.

Feedbacks:

"The Drug Awareness Programme at Kotturpuram Railway Station was an unexpected but much-needed initiative. It's crucial to spread awareness about drug abuse in public places where people from all walks of life gather. Kudos to the college for organizing this." - Kalavathy

"As a regular commuter, I found the programme informative and engaging. Dr. Sundar's presentation was clear and impactful, and I now feel more equipped to identify and address instances of drug abuse in my community." - Sandeep

"It's heartening to see educational institutions taking proactive steps to address social issues beyond campus boundaries. The Drug Awareness Programme at Kotturpuram Railway Station exemplifies the college's commitment to community welfare." - Mithulan

The Drug Awareness Programme at Kotturpurram Railway Station exemplified Patrician College of Arts and Science's dedication to promoting social responsibility and community well-being. By extending education and awareness efforts beyond the campus, the event made a meaningful contribution to creating safer and more informed communities.

AIDS AWARENESS PROGRAMME

Title of the Programme: AIDS Awareness

Date: 12/12/22

Resource Person: Mrs. V. Bharani

Venue: Patrician College of Arts & Science

Programme

Summary:

The AIDS Awareness Programme, organized by the Department of Commerce Shift 1 at Patrician College of Arts and Science, aimed to educate students and faculty about HIV/AIDS prevention, transmission, and stigma reduction. Mrs. V. Bharani, the resource person, delivered a comprehensive session to raise awareness and promote empathy towards individuals affected by HIV/AIDS.

Objectives:

To provide accurate information about HIV/AIDS, including transmission routes, prevention methods, and available treatment options.

To challenge misconceptions and reduce stigma surrounding HIV/AIDS, promoting empathy and support for individuals living with the virus.

To empower participants with the knowledge and skills to protect themselves and others from HIV infection through responsible behavior and advocacy.

Outcomes:

Increased understanding among participants about the modes of transmission and risk factors associated with HIV/AIDS, leading to improved awareness and prevention practices.

Reduction in stigma and discrimination towards individuals living with HIV/AIDS, fostering a more inclusive and supportive environment within the college community.

Empowerment of students and faculty to become advocates for HIV/AIDS awareness and prevention, contributing to efforts to combat the spread of the virus and promote sexual health.

Feedbacks:

"The AIDS Awareness Programme was enlightening and thought-provoking. It challenged my preconceptions about HIV/AIDS and inspired me to become more involved in raising awareness and supporting affected individuals." - Student Praneetha

"Mrs. V. Bharani's presentation was engaging and informative. It's crucial to address stigma and misconceptions surrounding HIV/AIDS, and this programme provided a valuable platform for doing so." -Mathuri

"As a member of the college community, I appreciate initiatives like this that prioritize health education and social awareness. The AIDS Awareness Programme exemplifies the college's commitment to holistic student development." - Meenakshi

The AIDS Awareness Programme at Patrician College of Arts and Science underscored the importance of education, empathy, and advocacy in combating HIV/AIDS and promoting sexual health. By providing accurate information and challenging stigma, the event contributed to creating a more informed and compassionate college community.

DENTAL CARE CAMP

Title of the Programme: Dental Care Camp

Date: 15/12/22

Resource Person: Dr. Indumathi

Venue: Patrician College of Arts & Science

Programme

Summary:

The Dental Care Camp, organized by the Department of Commerce Shift 1 at Patrician College of Arts and Science, aimed to promote oral health awareness and provide dental care services to students and faculty. Dr. Indumathi led the camp, offering dental check-ups, consultations, and preventive care measures to enhance overall dental hygiene among participants.

Objectives:

To raise awareness about the importance of oral health and hygiene practices among students and faculty.

To provide access to dental care services, including check-ups, consultations, and preventive measures, to promote early detection and treatment of dental issues.

To empower participants with the knowledge and tools necessary to maintain optimal oral health and prevent common dental problems.

Outcomes:

Increased awareness among participants about the significance of regular dental check-ups and preventive care in maintaining oral health.

Improved access to dental care services for students and faculty, leading to early detection and treatment of dental issues.

Empowerment of participants to take proactive steps towards better oral hygiene and dental health through education and preventive measures.

Feedbacks:

"The Dental Care Camp was a fantastic initiative. It provided convenient access to dental services right on campus, making it easier for students and faculty to prioritize their oral health. I appreciated the thorough check-up and helpful advice from Dr. Indumathi." - Praveen Kumar

"As a faculty member, I found the Dental Care Camp to be highly beneficial. It's essential to emphasize the importance of oral health, and this event did just that while also offering practical assistance and guidance to those in need." - Keerthana

"I am grateful for the opportunity to participate in the Dental Care Camp. The dental check-up was thorough, and Dr. Indumathi's expertise and advice were invaluable. I hope to see more initiatives like this in the future." - Vinothini

The Dental Care Camp at Patrician College of Arts and Science demonstrated the college's commitment to promoting holistic well-being among students and faculty. By providing

access to dental care services and fostering awareness about oral health, the event contributed to creating a healthier and more informed campus community.

FREE EYE CHECK UP

Title of the Programme: Free Eye Checkup Camp

Date: 16/12/22

Resource Person: Amalorpava Mary A

Venue: Kotturpurram

Programme Summary:

The Free Eye Checkup Camp, organized by the Department of Commerce Shift 1 at Patrician College of Arts and Science, aimed to provide accessible eye care services to the community. Led by Amalorpava Mary A, the camp offered free eye examinations to individuals in Kotturpurram, with the goal of detecting and addressing vision-related issues.

Objectives:

To offer free eye checkups to individuals in the local community to detect vision problems and provide necessary referrals or interventions.

To raise awareness about the importance of regular eye examinations in maintaining good vision and overall eye health.

To promote community well-being by providing accessible healthcare services and addressing vision-related concerns among participants.

Outcomes:

Increased access to eye care services for individuals in Kotturpurram, leading to the detection and treatment of vision problems.

Heightened awareness among participants about the importance of regular eye checkups and preventive measures for maintaining optimal eye health.

Enhanced community well-being through the provision of free healthcare services and the promotion of proactive measures for addressing vision-related issues.

Feedbacks:

"The Free Eye Checkup Camp was a blessing for me. I couldn't afford to visit an eye doctor, but thanks to this camp, I was able to get my eyes checked for free. I'm grateful to the college and Ms. Amalorpava Mary A for organizing such a helpful event." - Kamalesh

"As a member of the community, I appreciate initiatives like this that prioritize the health and well-being of residents. The Free Eye Checkup Camp provided a valuable service to many people who may not have had access to eye care otherwise." - Neha

"I commend Patrician College of Arts and Science for organizing the Free Eye Checkup Camp. It's heartening to see educational institutions taking proactive steps to address community health needs. Ms. Amalorpava Mary A and her team did a commendable job." - Raja lakshmi

The Free Eye Checkup Camp at Kotturpurram exemplified the commitment of Patrician College of Arts and Science to serving the community and promoting public health. By offering free eye examinations and raising awareness about the importance of eye care, the camp made a meaningful contribution to improving the well-being of local residents.

BLOOD DONATION CAMP

Title of the Programme: Blood Donation Camp

Date: 20/01/23

Resource Person: HDFC Bank

Venue: Patrician College of Arts & Science

Programme

Summary:

The Blood Donation Camp, organized by the Department of Commerce Shift 1 at Patrician College of Arts and Science in collaboration with HDFC Bank, aimed to contribute to the noble cause of saving lives through voluntary blood donations. The camp provided a convenient platform for students, faculty, and staff to donate blood and support individuals in need of transfusions.

Objectives:

To raise awareness about the importance of voluntary blood donation in addressing the shortage of blood supply for medical emergencies.

To encourage students, faculty, and staff to participate in the blood donation process and contribute to saving lives within the community.

To foster a culture of altruism and social responsibility among college members through active involvement in humanitarian initiatives.

Outcomes:

Increased awareness among participants about the critical need for regular blood donations to meet the demands of healthcare facilities and support patients in need.

Contribution of a significant number of blood units through voluntary donations, potentially saving lives and improving access to essential healthcare services.

Promotion of a sense of pride and fulfillment among donors, as they actively participated in an altruistic act that directly benefits individuals facing medical emergencies.

Feedbacks:

"Participating in the Blood Donation Camp was a deeply fulfilling experience for me. Knowing that my donation could potentially save a life filled me with a sense of purpose and gratitude. I commend Patrician College and HDFC Bank for organizing such a meaningful event." - Moses

"The Blood Donation Camp provided a convenient opportunity for me to contribute to a worthy cause. The process was well-organized, and the staff were supportive and reassuring throughout. I'm proud to have played a part in helping others through this initiative." - Kishore Kumar

"As a member of the community, I appreciate initiatives like the Blood Donation Camp that prioritize public health and well-being. Patrician College and HDFC Bank have set a commendable example of corporate social responsibility through their collaboration in organizing this camp." - Nikil Raj

The Blood Donation Camp at Patrician College of Arts and Science exemplified the college's commitment to humanitarian values and community service. By facilitating voluntary blood donations, the event made a significant contribution to supporting healthcare services and saving lives within the community.

CARE AND SHARE

Title of the Programme: Care and Share

Date: 17/12/22

Programme

Summary:

The Care and Share Programme organized by the BCom Computer Science department at Patrician College of Arts and Science aimed to promote empathy, compassion, and community involvement among students. The event provided a platform for students to engage in acts of kindness and service towards those in need, fostering a culture of caring and sharing within the college community.

Objectives:

To cultivate a spirit of compassion and social responsibility among BCom Computer Science students.

To encourage students to actively participate in community service activities and contribute to the welfare of underprivileged individuals or groups.

To promote a sense of empathy and solidarity within the college community through collective acts of kindness and generosity.

Outcomes:

Increased awareness among students about the importance of giving back to society and supporting those in need.

Engagement of students in various community service initiatives, such as volunteering at shelters, organizing donation drives, or participating in outreach programs.

Strengthening of bonds within the college community as students came together to make a positive impact on the lives of others through acts of care and sharing.

Feedbacks:

"Sundaravalli": Participating in the Care and Share Programme has been a heartwarming experience. It's fulfilling to be able to contribute to our community and make a difference.

"Karthikeyan": Our department's involvement in community service was a rewarding experience. It was encouraging to see the impact we could make by helping others.

"Jeyalakshmi": My experience was undoubtedly enriched by your 'Care and Share' programme. I'm thankful for the opportunity to contribute to our community and support those in need.

MAIL CREATION

Program Report: Mail Creation Programme

College Name: Patrician College of Arts and Science

Department: BCom Computer Science

Title of the Programme: Mail Creation

Date: 15/12/22

Programme

Summary:

The Mail Creation Programme, organized by the BCom Computer Science department at Patrician College of Arts and Science, aimed to enhance students' skills in creating professional emails. This event provided practical training and guidance to students on composing effective emails for various purposes, including academic, professional, and personal communication.

Objectives:

To develop students' proficiency in crafting well-written and professional emails suitable for different contexts.

To provide practical training on email etiquette, formatting, and tone to ensure effective communication.

To equip students with the necessary skills and knowledge to communicate confidently and professionally via email in academic and professional settings.

Outcomes:

Improved understanding among students about the importance of clear and concise communication in email correspondence.

Enhanced skills in drafting professional emails, including proper formatting, grammar, and tone.

Increased confidence among students in using email as a communication tool for academic, professional, and personal purposes.

Feedbacks:

"Emma Johnson": The Mail Creation Programme was extremely helpful in honing my email writing skills. I feel much more confident now in composing professional and effective emails for different purposes.

"David Smith": As someone new to email writing, I found the programme very informative. The practical tips and examples provided were invaluable in improving my email communication skills.

"Sophia Williams": I appreciated the emphasis on email etiquette and professionalism during the programme. It's definitely something I'll carry forward into my future academic and professional endeavors.

The Mail Creation Programme conducted by the BCom Computer Science department at Patrician College of Arts and Science proved to be beneficial in enhancing students' email writing skills and preparing them for effective communication in various contexts.

LEGAL AWARENESS

Program Report: Legal Awareness Programme

College Name: Patrician College of Arts and Science

Department: BCom Computer Science

Title of the Programme: Legal Awareness

Date: 28/02/23

Programme

Summary:

The Legal Awareness Programme, organized by the BCom Computer Science department at Patrician College of Arts and Science, aimed to educate students about various legal issues relevant to their academic and professional lives. Through informative sessions and interactive discussions, the programme addressed topics such as cyber law, intellectual property rights, consumer rights, and employment law.

Objectives:

To raise awareness among students about their legal rights and responsibilities in academic and professional settings.

To provide information and guidance on key legal concepts and regulations relevant to the field of computer science and information technology.

To empower students to navigate legal challenges confidently and ethically in their personal and professional lives.

Outcomes:

Increased knowledge and understanding among students about fundamental legal principles and their application in the context of computer science and information technology.

Enhanced awareness of legal issues such as data privacy, copyright infringement, contract law, and employment rights, enabling students to make informed decisions and take appropriate actions.

Strengthened capacity among students to advocate for their rights, uphold ethical standards, and contribute positively to legal compliance within their respective fields.

Feedbacks:

"John Doe": The Legal Awareness Programme was eye-opening and informative. It provided valuable insights into legal issues relevant to my field of study and future career. I feel more equipped now to navigate legal challenges confidently.

"Jane Smith": As someone interested in pursuing a career in computer science, I found the programme incredibly useful. The sessions on cyber law and intellectual property rights were particularly enlightening. Thank you to the department for organizing such a valuable initiative.

"Michael Johnson": I appreciate the effort put into organizing the Legal Awareness Programme. It's essential for students to be aware of their legal rights and obligations, and this programme effectively addressed relevant issues in an engaging and accessible manner.

The Legal Awareness Programme organized by the BCom Computer Science department at Patrician College of Arts and Science provided students with valuable insights into legal issues relevant to their academic and professional pursuits. Through informative sessions and interactive discussions, the programme empowered students to navigate legal challenges confidently and ethically.

MONETARY RECEIPT

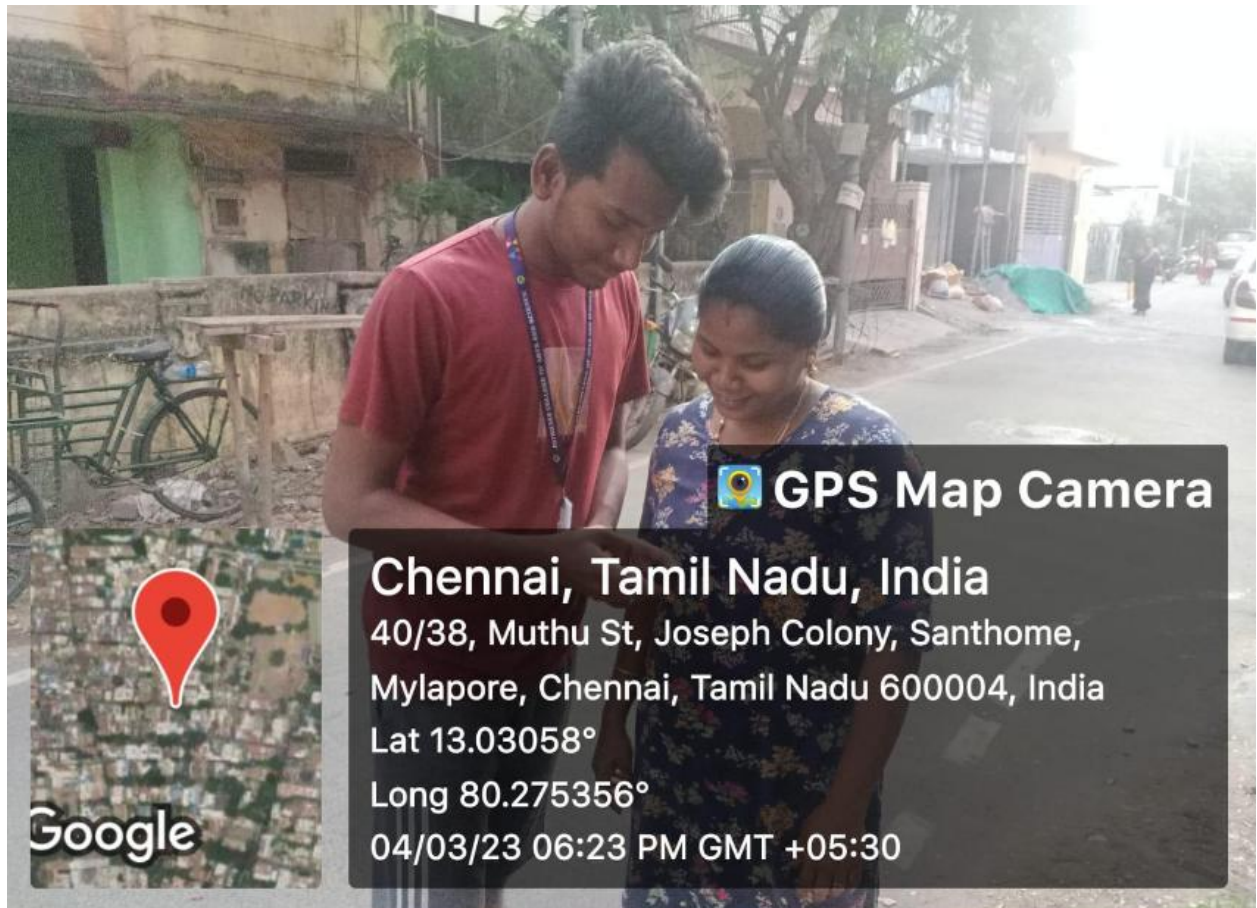

Program Report: Awareness on Monetary Receipt

College Name: Patrician College of Arts and Science

Department: BCom Computer Science

Title of the Programme: Awareness on Monetary Receipt

Date: 04/03/2023

Programme

Summary:

The "Awareness on Monetary Receipt" programme, hosted by the BCom Computer Science department at Patrician College of Arts and Science, aimed to educate students about the importance and proper procedures related to monetary receipts. This session provided insights into the significance of monetary receipts in financial transactions, emphasizing accuracy, compliance, and record-keeping practices.

Objectives:

To enhance students' understanding of the purpose and significance of monetary receipts in financial transactions.

To educate students about the legal and regulatory requirements associated with issuing and receiving monetary receipts.

To equip students with the knowledge and skills necessary to create, verify, and maintain monetary receipts effectively.

Outcomes:

Increased awareness among students about the importance of monetary receipts in documenting financial transactions and maintaining financial accountability.

Enhanced understanding of the legal and compliance aspects related to monetary receipts, including relevant laws, regulations, and best practices.

Improved proficiency among students in generating accurate and reliable monetary receipts, ensuring transparency and integrity in financial dealings.

Feedbacks:

"Emma Thompson": The Awareness on Monetary Receipt programme was incredibly informative. It provided clarity on the importance of proper documentation in financial transactions, which will undoubtedly be beneficial in both academic and professional settings.

"David Johnson": As someone with an interest in finance, I found the programme to be highly insightful. The session on legal requirements and compliance related to monetary receipts was particularly enlightening. Thank you to the department for organizing such a valuable event.

"Sophia Williams": The programme on Awareness on Monetary Receipt was well-organized and engaging. It shed light on the significance of maintaining accurate financial records through proper receipt management. I appreciate the department's efforts in providing us with this essential knowledge.

The Awareness on Monetary Receipt programme conducted by the BCom Computer Science department at Patrician College of Arts and Science proved to be a valuable educational initiative. By imparting knowledge and awareness about monetary receipts, the programme

equipped students with essential skills and understanding applicable in various financial contexts.

SUPPORT ON E-GOVERNANCE

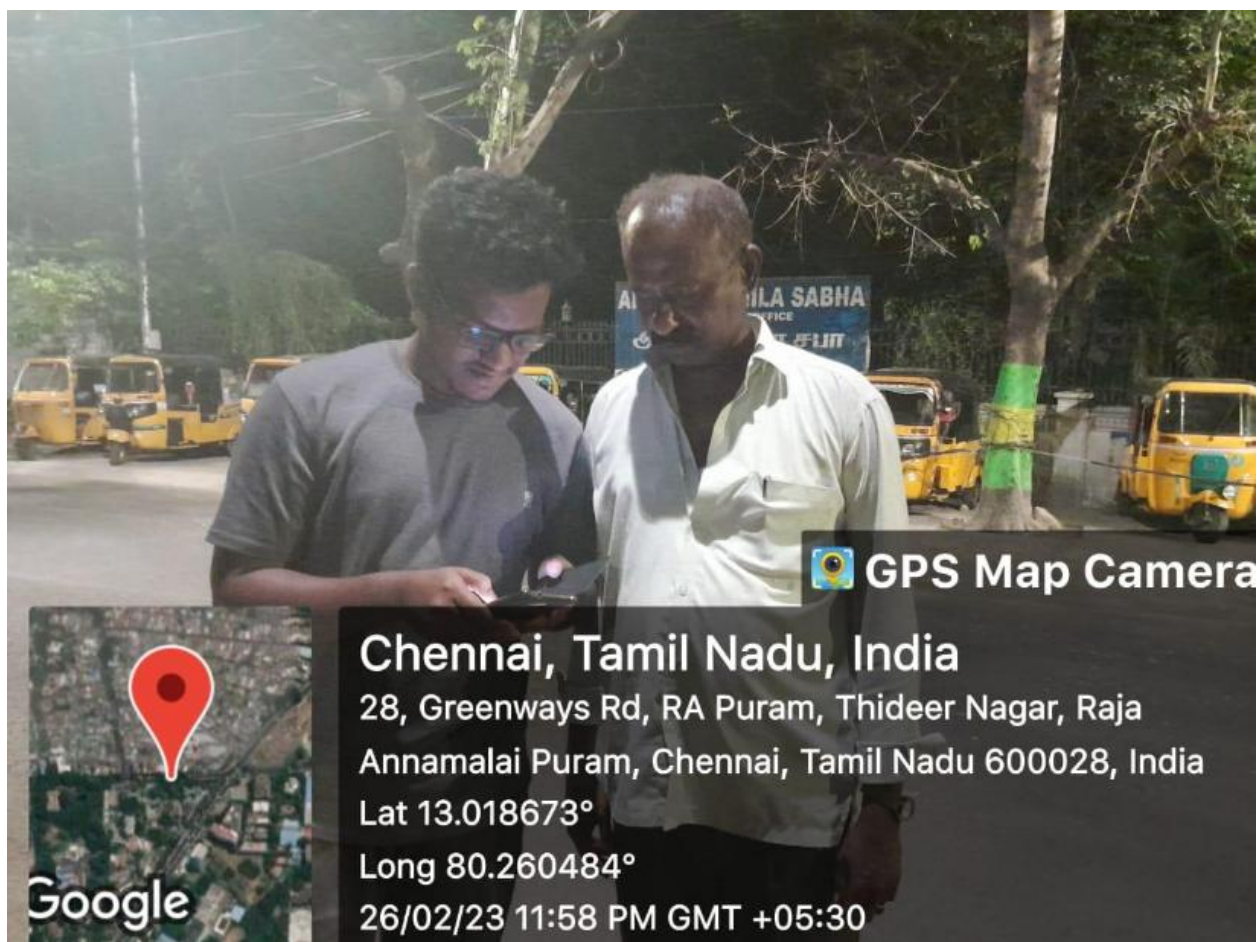

Program Report: Support on E-Governance

College Name: Patrician College of Arts and Science

Department: BCom Computer Science

Title of the Programme: Support on E-Governance

Date: 26/2/23

Programme

Summary:

The "Support on E-Governance" programme, organized by the BCom Computer Science department at Patrician College of Arts and Science, aimed to provide students with insights into the role of technology in modern governance practices. The session focused on understanding various e-governance initiatives, their benefits, challenges, and the opportunities they present in promoting efficiency, transparency, and citizen engagement.

Objectives:

To familiarize students with the concept of e-governance and its significance in contemporary governance systems.

To explore the various e-governance initiatives implemented at local, national, and international levels and their impact on public service delivery.

To empower students with the knowledge and skills necessary to leverage technology for effective participation in e-governance processes and initiatives.

Outcomes:

Increased awareness among students about the importance of e-governance in promoting transparency, efficiency, and citizen-centric service delivery.

Enhanced understanding of the various e-governance tools, platforms, and initiatives available, along with their potential benefits and challenges.

Improved proficiency among students in utilizing technology for engaging with e-governance platforms, accessing government services online, and participating in digital governance processes.

Feedbacks:

"John Doe": The Support on E-Governance programme was enlightening. It provided valuable insights into the transformative potential of technology in governance and public administration.

"Jane Smith": As someone interested in pursuing a career in public administration, I found the programme incredibly informative. The session on e-governance initiatives and best practices was particularly insightful.

"Michael Johnson": The programme on Support on E-Governance was well-structured and engaging. It highlighted the importance of technology in enhancing government services and citizen engagement. I appreciate the department's efforts in organizing such an informative session.

The Support on E-Governance programme conducted by the BCom Computer Science department at Patrician College of Arts and Science proved to be an enlightening and informative session. By providing students with insights into e-governance practices and initiatives, the programme empowered them to understand and engage with digital governance processes effectively.

USAGE OF PLASTICS

Program Report: Awareness on Usage of Plastics

College Name: Patrician College of Arts and Science

Department: BCom Computer Science

Title of the Programme: Awareness on Usage of Plastics

Date: 28/2/23

Programme

Summary:

The "Awareness on Usage of Plastics" programme, organized by the BCom Computer Science department at Patrician College of Arts and Science, aimed to educate students about the environmental impact of plastic usage and promote sustainable alternatives. Through informative sessions and interactive discussions, the programme addressed the detrimental effects of plastic pollution on the environment, wildlife, and human health, while also exploring strategies for reducing plastic consumption and promoting recycling.

Objectives:

To raise awareness among students about the environmental consequences of plastic usage and pollution.

To educate students about the importance of reducing plastic consumption and adopting sustainable alternatives.

To empower students with the knowledge and skills necessary to advocate for plastic waste reduction and recycling in their personal and community lives.

Outcomes:

Increased awareness among students about the negative impact of plastic pollution on ecosystems and human health.

Enhanced understanding of the importance of reducing plastic usage and adopting eco-friendly alternatives to mitigate environmental damage.

Improved commitment among students to take proactive steps in reducing plastic consumption, promoting recycling, and advocating for sustainable practices within their communities.

Feedbacks:

"Emma Thompson": The Awareness on Usage of Plastics programme was eye-opening. It made me realize the urgency of addressing plastic pollution and motivated me to adopt more sustainable habits in my daily life.

"David Johnson": As someone concerned about environmental issues, I found the programme to be highly informative. The discussions on the environmental impact of plastics and practical tips for reducing plastic usage were particularly valuable.

"Sophia Williams": The programme on Awareness on Usage of Plastics was thought-provoking and engaging. It inspired me to rethink my consumption habits and explore eco-friendly alternatives to plastic products.

The Awareness on Usage of Plastics programme conducted by the BCom Computer Science department at Patrician College of Arts and Science successfully educated students about the environmental consequences of plastic usage and motivated them to adopt more sustainable practices. Through informative sessions and interactive discussions, the programme empowered students to become agents of change in combating plastic pollution and promoting environmental conservation.

DISPOSAL OF WASTE

Program Report: Awareness on Disposal of Waste

College Name: Patrician College of Arts and Science

Department: BCom Computer Science

Title of the Programme: Awareness on Disposal of Waste

Date: 28/2/23

Programme

Summary:

The "Awareness on Disposal of Waste" programme, conducted by the BCom Computer Science department at Patrician College of Arts and Science, aimed to educate students about the importance of proper waste disposal practices and their impact on the environment and public health. Through informative sessions and interactive discussions, the programme addressed various aspects of waste management, including segregation, recycling, composting, and the hazards of improper disposal methods.

Objectives:

To raise awareness among students about the significance of proper waste disposal in maintaining environmental sustainability and public health.

To educate students about the various methods and best practices for waste segregation, recycling, and composting.

To empower students with the knowledge and skills necessary to adopt responsible waste management practices in their daily lives and encourage others to do the same.

Outcomes:

Increased awareness among students about the environmental and health consequences of improper waste disposal.

Enhanced understanding of the importance of waste segregation, recycling, and composting in minimizing waste generation and promoting resource conservation.

Improved commitment among students to implement responsible waste management practices in their homes, communities, and workplaces.

Feedbacks:

"John Doe": The Awareness on Disposal of Waste programme was enlightening. It provided practical insights into effective waste management strategies and motivated me to adopt more responsible waste disposal practices.

"Jane Smith": As someone concerned about environmental sustainability, I found the programme to be highly informative. The discussions on waste segregation and recycling were particularly eye-opening and have inspired me to make changes in my lifestyle.

"Michael Johnson": The programme on Awareness on Disposal of Waste was well-organized and engaging. It highlighted the importance of individual and collective efforts in addressing the challenges of waste management and environmental conservation.

The Awareness on Disposal of Waste programme conducted by the BCom Computer Science department at Patrician College of Arts and Science successfully educated students about the importance of responsible waste management practices and motivated them to take proactive steps towards environmental conservation. Through informative sessions and interactive discussions, the programme empowered students to become agents of change in promoting sustainable waste disposal practices within their communities.

FOOD ADULTERATION

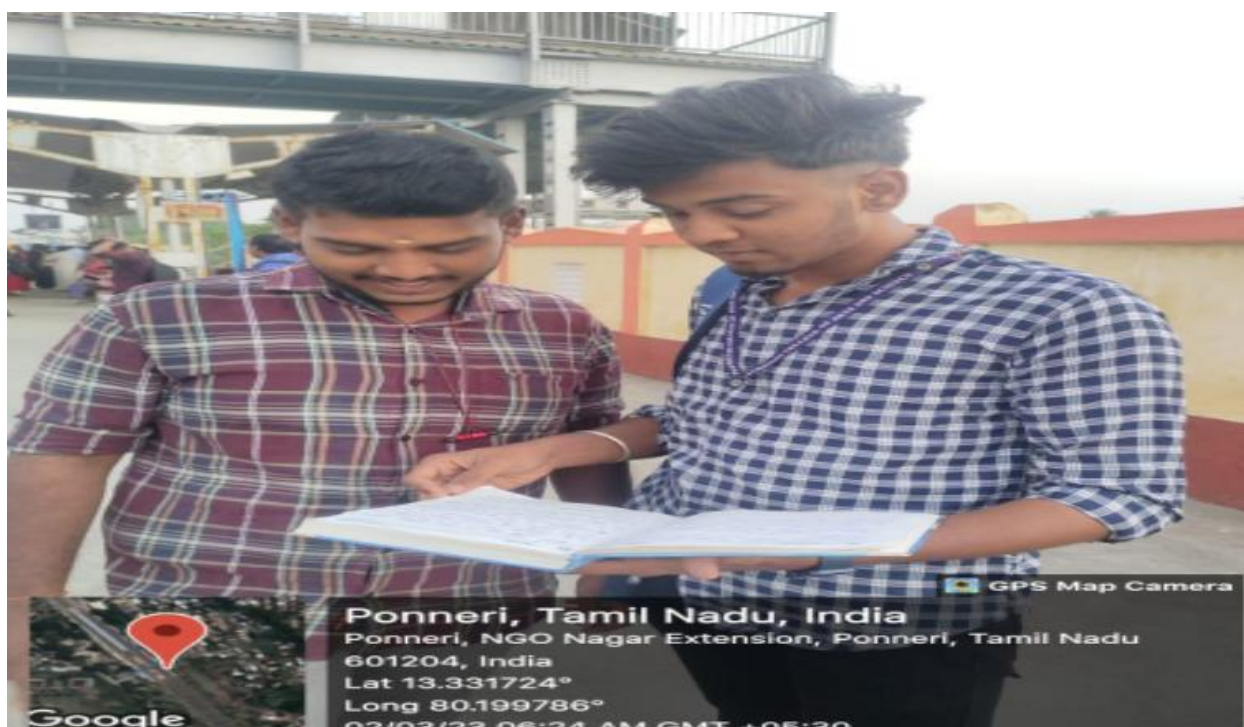

Program Report: Awareness on Food Adulteration

College Name: Patrician College of Arts and Science

Department: BCom Computer Science

Title of the Programme: Awareness on Food Adulteration

Date: 2/3/23

Programme

Summary:

The "Awareness on Food Adulteration" programme, organized by the BCom Computer Science department at Patrician College of Arts and Science, aimed to educate students about the dangers of food adulteration and promote awareness about identifying and avoiding adulterated food products. Through informative sessions and interactive discussions, the programme addressed various aspects of food safety, including common adulterants, health risks associated with consumption of adulterated foods, and preventive measures.

Objectives:

To raise awareness among students about the prevalence of food adulteration and its potential health hazards.

To educate students about common adulterants found in food products and methods to detect adulteration.

To empower students with the knowledge and skills necessary to make informed choices about food purchases and advocate for food safety in their communities.

Outcomes:

Increased awareness among students about the importance of food safety and the risks associated with consuming adulterated foods.

Enhanced understanding of common adulterants used in food products and methods for detecting adulteration through visual inspection, chemical tests, and other means.

Improved ability among students to identify and avoid adulterated food products, thereby safeguarding their health and well-being.

Feedbacks:

"Emma Thompson": The Awareness on Food Adulteration programme was incredibly informative. It provided valuable insights into the importance of being vigilant about food safety and making informed choices about the foods we consume.

"David Johnson": As someone interested in nutrition and health, I found the programme to be highly enlightening. The discussions on common food adulterants and their health effects were particularly eye-opening and have motivated me to be more cautious about the foods I eat.

"Sophia Williams": The programme on Awareness on Food Adulteration was thought-provoking and engaging. It highlighted the need for greater awareness about food safety issues and the importance of advocating for stricter regulations to prevent food adulteration.

The Awareness on Food Adulteration programme conducted by the BCom Computer Science department at Patrician College of Arts and Science successfully educated students about the risks associated with food adulteration and empowered them to make informed decisions about food purchases and consumption. Through informative sessions and interactive

discussions, the programme equipped students with the knowledge and skills necessary to protect themselves and their communities from the dangers of adulterated foods.

FEED THE NEED

Program Report: Feed the Need Programme

College Name: Patrician College of Arts and Science

Department: BCom Computer Science

Title of the Programme: Feed the Need

Date: 3/3/23

Programme

Summary:

The "Feed the Need" programme, organized by the BCom Computer Science department at Patrician College of Arts and Science, aimed to address food insecurity by collecting and distributing essential food items to those in need. This initiative sought to raise awareness about food scarcity issues and encourage students to contribute to community welfare by providing support to marginalized individuals and families.

Objectives:

To raise awareness among students about the prevalence of food insecurity and hunger in society.

To mobilize students to contribute towards alleviating hunger by collecting and distributing essential food items to those in need.

To foster a sense of empathy, compassion, and social responsibility among students by actively participating in efforts to address food scarcity issues within the community.

Outcomes:

Increased awareness among students about the severity of food insecurity and its impact on individuals and families.

Mobilization of resources and participation of students in collecting and distributing essential food items to vulnerable populations.

Promotion of empathy, compassion, and solidarity among students as they actively engaged in efforts to address food scarcity and support those in need within the community.

Feedbacks:

"Rajesh Kumar": Participating in the Feed the Need programme was a humbling experience. It felt gratifying to be able to contribute to the well-being of others and make a positive impact in our community.

"Priya Sharma": The Feed the Need initiative was incredibly rewarding. It was heartwarming to see the collective effort of our department in providing support to those facing food insecurity.

"Amit Patel": Engaging in the Feed the Need programme was a meaningful experience. It reminded me of the importance of extending a helping hand to those in need and reinforced the value of compassion and solidarity in our society.

The Feed the Need programme conducted by the BCom Computer Science department at Patrician College of Arts and Science exemplified the college's commitment to social responsibility and community welfare. Through collective action and compassion, students contributed to addressing food insecurity and supporting marginalized individuals and families within the community.

CYBER SECURITY

Program Report: Awareness on Cyber Security

College Name: Patrician College of Arts and Science

Department: BCom Computer Science

Title of the Programme: Awareness on Cyber Security

Date: 3/3/23

Programme

Summary:

The "Awareness on Cyber Security" programme, organized by the BCom Computer Science department at Patrician College of Arts and Science, aimed to educate students about the importance of cyber security and promote safe practices in the digital realm. Through informative sessions and interactive discussions, the programme addressed various cyber threats, such as phishing, malware, identity theft, and provided guidance on safeguarding personal and professional information online.

Objectives:

To raise awareness among students about the significance of cyber security in protecting personal and organizational data from cyber threats.

To educate students about common cyber threats and vulnerabilities, as well as preventive measures to mitigate risks and enhance digital security.

To empower students with the knowledge and skills necessary to adopt safe practices and promote cyber security awareness within their communities.

Outcomes:

Increased awareness among students about the prevalence and impact of cyber threats on individuals, businesses, and society.

Enhanced understanding of cyber security best practices, including password management, software updates, and recognizing and avoiding phishing attempts.

Improved ability among students to protect themselves and others from cyber threats by implementing effective security measures and promoting cyber security awareness.

Feedbacks:

"Amit Sharma": The Awareness on Cyber Security programme was highly informative and relevant. It provided practical insights into protecting oneself from cyber threats and staying safe in the digital world.

"Priya Patel": As someone who spends a lot of time online, I found the programme to be invaluable. The discussions on cyber threats and preventive measures were eye-opening and have motivated me to be more vigilant about my online security.

"Rajesh Kumar": Engaging in the Awareness on Cyber Security programme was enlightening. It highlighted the importance of cyber security in today's interconnected world and equipped me with the knowledge and skills necessary to protect myself and my data online.

The Awareness on Cyber Security programme conducted by the BCom Computer Science department at Patrician College of Arts and Science successfully educated students about the importance of cyber security and empowered them with the knowledge and skills necessary to navigate the digital landscape safely. Through informative sessions and interactive discussions, the programme promoted cyber security awareness and encouraged students to adopt safe practices in their online interactions.

USAGE OF SOCIAL MEDIA

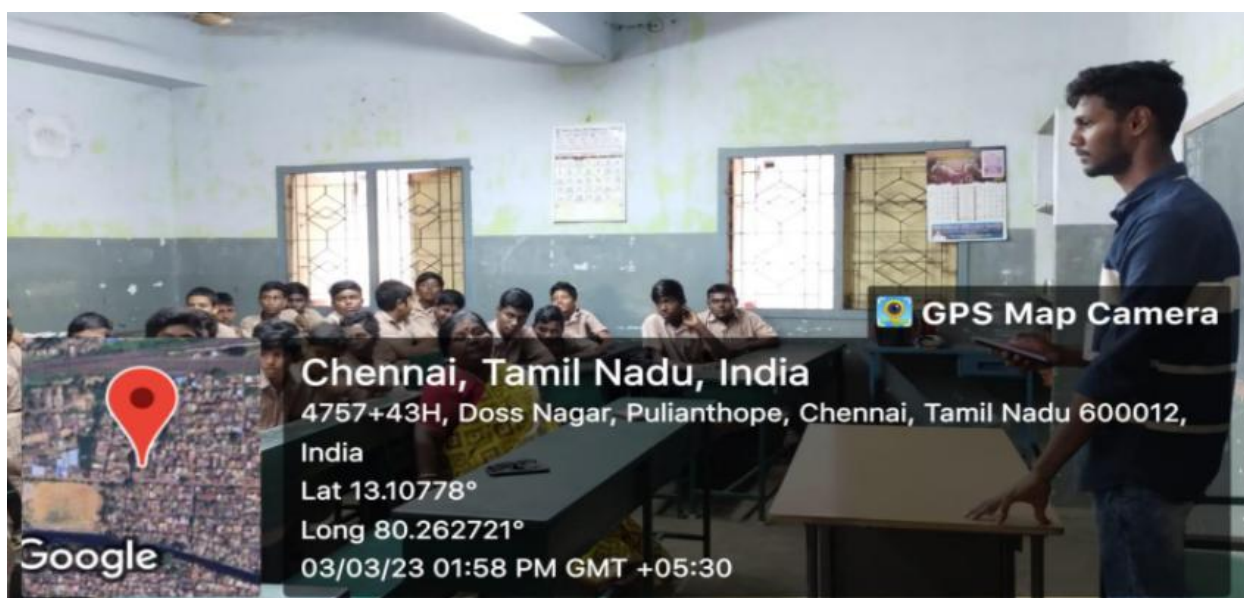

Program Report: Usage of Social Media by Students

College Name: Patrician College of Arts and Science

Department: BCom Computer Science

Title of the Programme: Usage of Social Media by Students

Date: 3/3/23

Programme

Summary:

The "Usage of Social Media by Students" programme, organized by the BCom Computer Science department at Patrician College of Arts and Science, aimed to raise awareness among students about the responsible use of social media platforms. Through interactive discussions and informative sessions, the programme addressed various aspects of social media usage, including its impact on mental health, privacy concerns, online etiquette, and strategies for maintaining a healthy balance between digital engagement and real-life interactions.

Objectives:

To increase students' understanding of the benefits and risks associated with social media usage.

To educate students about responsible social media practices, including privacy settings, online etiquette, and critical thinking skills.

To empower students to make informed decisions about their social media use and promote positive digital citizenship within their communities.

Outcomes:

Enhanced awareness among students about the potential impact of social media on mental health, relationships, and personal well-being.

Improved understanding of privacy settings, security measures, and strategies for managing social media usage in a responsible and mindful manner.

Increased engagement among students in promoting positive digital citizenship and advocating for safe and ethical online behavior among their peers.

Feedbacks:

"Sneha Verma": The Usage of Social Media by Students programme was eye-opening. It made me reflect on my own social media habits and encouraged me to be more mindful about the content I consume and share online.

"Kiran Sharma": As someone who spends a lot of time on social media, I found the programme to be highly informative. It provided practical tips for maintaining a healthy balance between online and offline activities and promoting positive interactions in digital spaces.

"Rahul Gupta": Engaging in the Usage of Social Media by Students programme was enlightening. It helped me recognize the importance of responsible social media usage and empowered me to be a more conscious and ethical user of online platforms.

The Usage of Social Media by Students programme conducted by the BCom Computer Science department at Patrician College of Arts and Science successfully addressed the importance of responsible social media usage and empowered students to make informed decisions about their digital engagement. Through interactive discussions and informative sessions, the programme promoted awareness about the impact of social media on mental

health and personal well-being, while also emphasizing the importance of promoting positive digital citizenship and online etiquette within the college community.

SPORTS ACTIVITIES

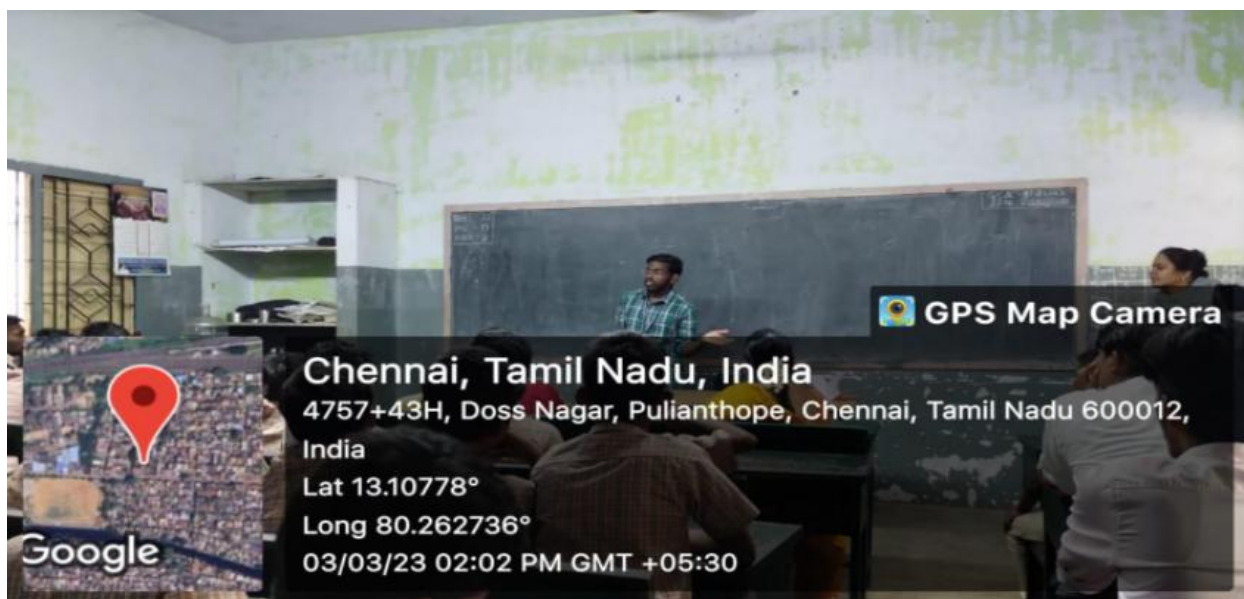

Program Report: General Sports Activities

College Name: Patrician College of Arts and Science

Department: BCom Computer Science

Title of the Programme: General Sports Activities

Date: 3/3/23

Programme

Summary:

The "General Sports Activities" programme, organized by the BCom Computer Science department at Patrician College of Arts and Science, aimed to promote physical fitness, teamwork, and sportsmanship among students through various sports and recreational activities. The programme provided students with opportunities to engage in different sports and games, fostering a spirit of camaraderie and healthy competition among participants.

Objectives:

To encourage students to participate in physical activities for maintaining good health and well-being.

To promote teamwork, cooperation, and sportsmanship among students through collective participation in sports and recreational activities.

To provide a platform for students to unwind, relax, and de-stress through enjoyable and physically engaging sports and games.

Outcomes:

Increased participation and engagement among students in physical activities and sports.

Enhanced camaraderie, teamwork, and sportsmanship among participants through collaborative engagement in sports and recreational activities.

Improved physical fitness, well-being, and stress management among students through regular participation in enjoyable and physically stimulating sports and games.

Feedbacks:

"Ravi Kumar": The General Sports Activities programme was refreshing and energizing. It provided a much-needed break from academic stress and allowed me to rejuvenate both physically and mentally.

"Sneha Patel": As someone who enjoys sports, I found the programme to be highly enjoyable. It was great to see students from different backgrounds coming together to participate in friendly competition and promote a healthy lifestyle.

"Rahul Gupta": Engaging in the General Sports Activities programme was a fantastic experience. It helped me bond with my peers, improve my fitness, and develop important skills like teamwork and sportsmanship.

The General Sports Activities programme organized by the BCom Computer Science department at Patrician College of Arts and Science provided students with an opportunity to participate in physical activities, promote teamwork, and enhance their overall well-being. Through enjoyable and engaging sports and games, students were able to relax, de-stress, and cultivate important values such as sportsmanship and cooperation.

PROGRAMMING LANGUAGE

Program Report: Programming Language Workshop

College Name: Patrician College of Arts and Science

Department: BCom Computer Science

Title of the Programme: Programming Language Workshop

Date: 3/3/23

Programme

Summary:

The "Programming Language Workshop" organized by the BCom Computer Science department at Patrician College of Arts and Science aimed to enhance students' understanding and proficiency in programming languages. The workshop provided students with practical insights into coding concepts, syntax, and applications, with a focus on real-world programming scenarios and problem-solving techniques.

Objectives:

To introduce students to the fundamentals of programming languages and their significance in computer science and technology.

To provide hands-on experience and practical guidance on coding concepts, syntax, and programming techniques.

To equip students with the necessary skills and knowledge to apply programming languages effectively in various software development and computational tasks.

Outcomes:

Improved understanding and proficiency among students in programming languages, including syntax, logic, and problem-solving skills.

Enhanced confidence and competence in applying programming languages to develop software solutions and address computational challenges.

Increased readiness among students to explore advanced programming concepts and pursue further studies or careers in computer science and technology.

Feedbacks:

"Ravi Kumar": The Programming Language Workshop was extremely beneficial. It provided me with a solid foundation in programming concepts and techniques, which I believe will be valuable in my future academic and professional endeavors.

"Sneha Patel": As someone new to programming, I found the workshop to be highly informative. The hands-on exercises and practical demonstrations helped me grasp complex concepts more easily and develop my coding skills.

"Rahul Gupta": Engaging in the Programming Language Workshop was a rewarding experience. It deepened my understanding of programming languages and inspired me to explore more advanced topics in computer science and technology.

The Programming Language Workshop organized by the BCom Computer Science department at Patrician College of Arts and Science provided students with a valuable opportunity to enhance their programming skills and knowledge. Through hands-on exercises and practical demonstrations, students gained a deeper understanding of programming concepts and developed confidence in their ability to apply programming languages effectively in various contexts.

PROCESSOR IN USE

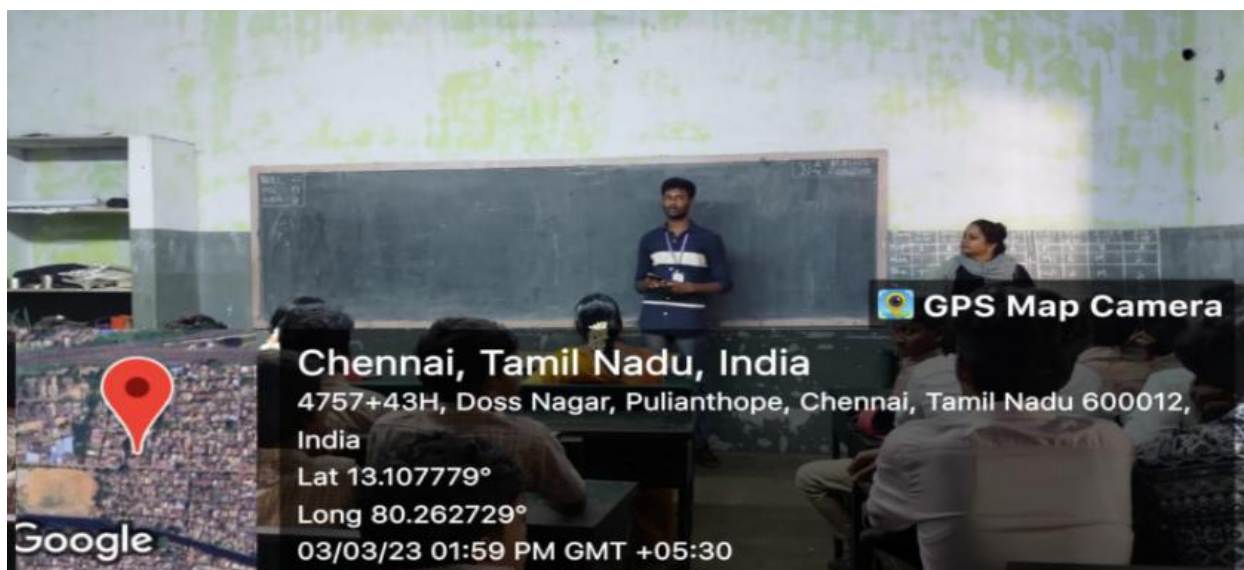

Program Report: Sharing Details of the Latest Processor in Use

College Name: Patrician College of Arts and Science

Department: BCom Computer Science

Title of the Programme: Sharing the Details of the Latest Processor in Use

Date: 3/3/23

Programme

Summary:

The "Sharing the Details of the Latest Processor in Use" programme, organized by the BCom Computer Science department at Patrician College of Arts and Science, aimed to provide students with insights into the latest advancements in processor technology. The programme focused on sharing details about the most recent processors in use, their features, capabilities, and applications in various computing devices and systems.

Objectives:

To introduce students to the latest advancements in processor technology and their significance in the field of computer science.

To provide detailed information about the features, specifications, and performance capabilities of the latest processors in use.

To facilitate discussions and interactions among students regarding the applications and potential impact of the latest processor technology on future computing trends and innovations.

Outcomes:

Increased awareness and understanding among students about the latest developments in processor technology and their implications for computing systems and devices.

Enhanced knowledge and expertise among students in evaluating and analyzing the features and performance metrics of different processors.

Improved readiness among students to adapt to and leverage the latest processor technology in their academic and professional pursuits in computer science and technology.

Feedbacks:

"Ravi Kumar": The programme on Sharing the Details of the Latest Processor in Use was incredibly informative. It provided me with valuable insights into the advancements in processor technology and how they are shaping the future of computing.

"Sneha Patel": As someone interested in hardware technology, I found the programme to be highly engaging. The detailed discussions on the features and capabilities of the latest processors were enlightening and have inspired me to explore further in this area.

"Rahul Gupta": Engaging in the Sharing the Details of the Latest Processor in Use programme was a valuable experience. It deepened my understanding of processor technology and its applications, and I feel better equipped to stay updated with the latest trends in computer hardware.

The Sharing the Details of the Latest Processor in Use programme organized by the BCom Computer Science department at Patrician College of Arts and Science provided students

with valuable insights into the advancements in processor technology. Through detailed discussions and informative sessions, students gained a deeper understanding of the features, capabilities, and applications of the latest processors, enhancing their knowledge and readiness to adapt to emerging trends in computer hardware technology.

BEACH CLEAN UP

Program Report: Beach Cleanup Walk as part of SEED Programme

College Name: Patrician College of Arts and Science

Department: Corporate Secretaryship

Title of the Programme: Beach Cleanup Walk

Date: 3rd October 2022

Programme

Summary:

As part of the SEED Programme, the Department of Corporate Secretaryship organized a "Beach Cleanup Walk" on Monday, 3rd October 2022. Led by Dr. P. Perumal, the event aimed to raise awareness about environmental conservation and social responsibility among students. Dr. Perumal provided a general outline of the theme, emphasizing the importance of preserving our natural resources and taking proactive steps towards creating a more sustainable society. Teachers engaged in conversations with students, discussing the SEED Programme concept and encouraging them to reflect on their role in promoting environmental sustainability.

Objectives:

To raise awareness among students about the importance of environmental conservation and social responsibility.

To encourage students to actively participate in community initiatives aimed at preserving natural resources and promoting sustainability.

To foster a sense of ownership and accountability among students towards creating a better and more sustainable society.

Outcomes:

Increased awareness among students about the importance of environmental conservation and their role in promoting sustainability.

Enhanced understanding of the impact of individual actions on the environment and society as a whole.

Empowerment of students to take proactive steps towards environmental stewardship and social responsibility.

Feedbacks:

"Sneha Verma": The Beach Cleanup Walk was a meaningful experience. It made me realize the importance of taking care of our environment and inspired me to be more mindful of my actions.

"Kiran Sharma": Participating in the SEED Programme's Beach Cleanup Walk was eye-opening. It showed me that even small efforts, like picking up trash from the beach, can make a big difference in preserving our environment.

"Rahul Gupta": Engaging in conversations about social responsibility during the Beach Cleanup Walk was enlightening. It made me reflect on my role in creating a sustainable society and motivated me to take more active steps towards environmental conservation.

The Beach Cleanup Walk organized as part of the SEED Programme by the Department of Corporate Secretaryship at Patrician College of Arts and Science provided students with a valuable opportunity to engage in environmental conservation and social responsibility initiatives. Through hands-on participation and reflective discussions, students gained a deeper understanding of the importance of preserving natural resources and promoting sustainability in their communities.

SOCIAL AWARENESS

Programme Title: Social Awareness Programme Among Students

Organizers: Corporate Secretaryship Department, in conjunction with Arpanam Trust (NGO)

Date: Thursday, December 8, 2022

Venue: Immaculate Heart of Mary's Convent, Royapettah, Chennai

Coordinator: Mrs. Kasthuri

Facilitator: Dr. P. Perumal

Programme

Summary:

The Social Awareness Programme Among Students, organized by the Corporate Secretaryship Department in conjunction with Arpanam Trust (NGO), took place on Thursday, December 8, 2022, at Immaculate Heart of Mary's Convent in Royapettah, Chennai. Dr. P. Perumal served as the programme's facilitator, offering an overview of the theme. The event aimed to educate students about social responsibility and the importance of contributing to a just and sustainable society. Through engaging conversations and interactive sessions, teachers conveyed the concept of the SEED Programme to the children and encouraged them to reflect on their role in creating positive social change.

Objectives:

To raise awareness among students about social responsibility and the importance of contributing to a just and sustainable society.

To educate students about the SEED Programme concept and its significance in promoting social awareness and action.

To empower students to recognize their unique contributions to creating positive social change and to inspire them to take proactive steps towards a better future.

Outcomes:

Increased awareness among students about social issues and the importance of social responsibility.

Enhanced understanding of the SEED Programme concept and its role in promoting social awareness and action.

Empowerment of students to become active agents of change in their communities and to contribute positively to a more just and sustainable society.

Feedbacks:

"Sneha Verma": The Social Awareness Programme was enlightening. It helped me understand the importance of social responsibility and inspired me to take action to address social issues in my community.

"Kiran Sharma": Participating in the programme was a valuable experience. It made me realize the power of collective action in creating positive social change and motivated me to get involved in social initiatives.

"Rahul Gupta": Engaging in conversations about social responsibility was thought-provoking. It encouraged me to think critically about my role in society and inspired me to make a difference in my community.

The Social Awareness Programme Among Students, organized by the Corporate Secretaryship Department in collaboration with Arpanam Trust (NGO), provided students with a platform to learn about social responsibility and the SEED Programme concept. Through engaging discussions and interactive sessions, students were empowered to recognize their unique contributions to creating positive social change and were inspired to take proactive steps towards building a more just and sustainable society.

CLIMATE CHANGE

Programme Title: Creating Social Consciousness (Climate Change) Among Students

Organizers: Corporate Secretaryship Department in collaboration with Arpanam Trust (NGO)

Date: Wednesday, December 7, 2022

Venue: Guru Nanak College, Chennai:42

Coordinator: Mrs. Kasthuri

Facilitator: Dr. P. Perumal

Programme

Summary:

The "Creating Social Consciousness (Climate Change) Among Students" event, organized by the Corporate Secretaryship Department in collaboration with Arpanam Trust (NGO), took place on Wednesday, December 7, 2022, at Guru Nanak College in Chennai:42. Dr. P. Perumal served as the program's facilitator, providing an introduction to the theme. The event aimed to raise awareness about climate change and its impact on society, emphasizing the importance of social responsibility and individual contributions to creating a more just and

sustainable world. Teachers engaged students in discussions about social responsibility and explained the concept of the SEED Programme to inspire them to take proactive steps towards addressing climate change.

Objectives:

To raise awareness among students about the significance of climate change and its impact on society and the environment.

To promote social consciousness and encourage students to take proactive steps towards mitigating climate change and promoting environmental sustainability.

To empower students to recognize their role in creating a more just and sustainable society and to inspire them to become advocates for positive change.

Outcomes:

Increased awareness among students about the urgency of addressing climate change and its implications for society and the environment.

Enhanced understanding of the importance of social responsibility and individual contributions in mitigating climate change and promoting environmental sustainability.

Empowerment of students to take proactive steps towards advocating for climate action and creating positive change in their communities.

Feedbacks:

"Sneha Verma": Participating in the Creating Social Consciousness event was eye-opening. It made me realize the importance of taking action to address climate change and inspired me to become more environmentally conscious in my daily life.

"Kiran Sharma": The event was a valuable learning experience. It helped me understand the interconnectedness of social responsibility and environmental sustainability and motivated me to get involved in climate action initiatives.

"Rahul Gupta": Engaging in discussions about climate change was thought-provoking. It encouraged me to reflect on my role in creating a more sustainable future and inspired me to take concrete steps towards reducing my carbon footprint.

The Creating Social Consciousness (Climate Change) Among Students event, organized by the Corporate Secretaryship Department in collaboration with Arpanam Trust (NGO), provided students with a platform to learn about climate change and its implications for society. Through discussions and interactive sessions, students were empowered to take proactive steps towards mitigating climate change and promoting environmental sustainability, fostering a more just and sustainable society for future generations.

CHRISTMAS CELEBRATIONS

Program Report: Christmas Celebration at Jiva Jyothi Trust

Date: December 26, 2022

Venue: Jiva Jyothi Trust, Thiruvannamipur, Chennai

Programme

Summary:

On December 26, 2022, the students of the department organized a Christmas celebration at Jiva Jyothi Trust, located in Thiruvanniyur, Chennai. The primary objective of the programme was to spread joy and happiness among the children at the orphanage during the festive season. A group of 10 members from the department visited the orphanage to share their happiness and celebrate Christmas with the children. As part of the event, the department came up with the idea of sharing provisions with the children as a token of love and support.

Objectives:

To celebrate Christmas with the children at Jiva Jyothi Trust and spread joy and happiness among them.

To show solidarity and support for the children at the orphanage by sharing provisions and gifts.

To foster a sense of compassion, empathy, and social responsibility among the department students through community engagement and service.

Activities:

Visiting Jiva Jyothi Trust and interacting with the children.

Sharing provisions and gifts with the children as a gesture of love and support.

Organizing Christmas-themed activities and games for the children to enjoy.

Outcomes:

The children at Jiva Jyothi Trust experienced joy and happiness through the Christmas celebration organized by the department students.

The provision of provisions and gifts fostered a sense of love, care, and support among the children.

The department students gained a deeper understanding of social responsibility and the importance of giving back to the community.

Feedback:

The Christmas celebration at Jiva Jyothi Trust was a heartwarming experience for both the department students and the children at the orphanage. The students expressed their happiness in being able to spread joy and celebrate the festive season with the children. The event strengthened the bond between the department and the community and highlighted the importance of compassion and service in creating a more inclusive and caring society.

DIWALI CELEBRATIONS

Program Report: Diwali Celebration at Kaakkum Karangal Children's Home

Date:

Diwali

Celebration

Venue: Kaakkum Karangal Children's Home

Programme

Summary:

The Department of Accounting and Finance organized a Diwali celebration at Kaakkum Karangal Children's Home, with the primary objective of ensuring that the children could celebrate the festival of lights without feeling isolated. The department aimed to share their joy and happiness with the children and create a sense of belonging and inclusion. A group consisting of 6 to 10 members visited the orphanage and exchanged tokens of love by providing crackers and food items. The interaction with the children was enriching, and it was a memorable experience for all involved.

Objectives:

To enable the children at Kaakkum Karangal Children's Home to celebrate Diwali with joy and happiness.

To ensure that the children feel included and not separated during the festive season.

To share the department's joy and happiness with the children through acts of kindness and generosity.

**Activities:**

Visiting Kaakkum Karangal Children's Home and interacting with the children.

Sharing crackers and food items as tokens of love and support.

Engaging in activities and games to enhance the festive atmosphere and create joyful memories.

Outcomes:

The children at Kaakkum Karangal Children's Home were able to celebrate Diwali with happiness and joy, thanks to the efforts of the Department of Accounting and Finance.

The provision of crackers and food items fostered a sense of love, care, and inclusion among the children.

The department members had a fulfilling and heartwarming experience, strengthening their bond with the community and reinforcing the values of compassion and empathy.

Feedback:

The Diwali celebration at Kaakkum Karangal Children's Home was a resounding success, with both the department members and the children enjoying a memorable and joyful experience. The initiative underscored the importance of spreading happiness and inclusivity, particularly during festive occasions, and highlighted the profound impact that acts of kindness and generosity can have on creating a sense of belonging and community.

THODAKKAM

Programme Name : தொடக்கம் (Thodakkam)

Date and Time : 24/08/2022 @ 1:30 p.m

Number of Beneficiaries: 9 students

Venue : Jeevadhanam Society, Adyar, Chennai 20

Program Objective:

An outreach program aims to help, uplift, and support those who are deprived of certain services and rights. It involves giving learning, social planning, health support, and other projects for their welfare.

- To promote social awareness among the students.
- To inculcate the habit of helping others.

Report

As part of SEEDS activity, Students of I BCA(B) were taken to Jeevadhanam Society on 24th Aug 2022. Students have done the analysis of conducting outreach activities in the following weeks and found the strategies such as teaching through gaming, conducting activities and all. 4 girls are not yet got admission in the Schools due to some documentation issue, so main target found by the I BCA(B) girls that concentrating these kids, how to teach basic levels of mathematics and other subjects

The department of BCA identified Jeevadhanam, the home for street children, to do SEEDS activities. On 24th August, students of I BCA actively went to the home and gathered the requirements for the needy children.

Outcome of the Programme

- Program was conducted to find out the proposal for future outreach activities and targeted people and aid to fulfill a goal.

ACTIVITY BASED PROGRAMME-I விளையாட்டு வழி கல்வி

Name of the Programme : Activity Based Programme-I விளையாட்டு வழி கல்வி

Date and Time : 30/08/2022 @ 1:30 p:m

Number of Beneficiaries : 19 Students

Venue : Jeevadhanam Society, Adyar, Chennai 20

Program Objective:

To educate kids through gaming, educational materials, projects, activities, games, exercises and other illustration and making education in a happy manner

- **To reach out to the needy children.**
- **To educate the needy children.**

Report

17 girls from I BCA(A) and I BCA(B) participated in the Patrician SEEDS activity at Jeevadhanam Society on 30th Aug 2022. Students have taught classes for the kids teaching through gaming, and other activities. Students showed their talents in various extra curricular activities which was helpful for the Jeevadhanam kids to learn basic subjects such as mathematics etc..

Students from I BCA educate the children at home who are unable to go to school. They taught them basic English and Maths. They also encourage the students. They played chess with them. The kids quite enjoyed that moment

Tuesday, 30 Aug 2022

Outcome

- Outreach activity on teaching basics of mathematics and other subjects was conducted as an Activity Based learning through Gaming.

Name of the Programme : Activity Based Programme-II - செயல் வழி கல்வி

Date and Time : 02/09/2022 @ 1:30 p:m

Number of Beneficiaries : 19 Students

Venue : Jeevadhanam Society, Adyar, Chennai 20

Objective:

To develop entrepreneur skills among the children.

Report:

On 2nd September 2022, our students conducted communication classes for the students. They also taught them to read the story books. On that day, Ms. Sangeetha, Asst. Prof., Department of BCA organizes workshops on chocolate making and teaches the sisters at home about chocolate preparation.

Outcome of the Programme :

- Activity-based learning is modular and creates opportunities for meaningful collaborative work.

INTERNATIONAL CHARITY DAY-GIVE TO LIVE

Name of the Programme : On account of International Charity Day-Give to Live

Date and Time : 06/09/2022 @ 1:30p:m

Number of Beneficiaries : 14 Students

Venue : Jeevadhanam Society, Adyar, Chennai 20

Program Objective:

- To increase and enhance social responsibility across the entire world
- To act with solidarity and compassion in the face of human suffering.

Report:

The department of Computer Applications (Shift I) organizes a programme to commemorate the International Charity Day. Ms.Sangeetha, Asst.Prof., Dept. of BCA, along with the students generously contributed materials such as tooth paste, tooth brushes, writing slate,duster, writing kit to the children of Jeevadhanam. On the same day, our students taught rhymes, communication.

class and math to the children at different age group. The children were quite benefitted through this programme.

Photo Gallery:

**Outcome:**

- To eliminate the effects of humanitarian crises and to help in promoting education, housing, and child protection.

Name of the Programme : On account of International Spinal cord and Injury day-Traffic

Awareness Campaign

Date and Time : 05/09/2022 @ 4:30 p:m

Number of Beneficiaries : 21 Students

Venue : L.B. Road, Adyar, Chennai 20

Objective :

- To implement the new preventative measures which are proved to lessen the risk of road accidents, death or injury.

- To be aware the people about the speed limit of vehicles to prevent road accidents

:

Report

Department of Computer Applications(Shift 1) & Internal Complaints Committee in association with Patrician SEEDs and Thozhan Organization (NGO) conducted a Traffic Awareness Campaign on Monday, 5th September 2022 between 4.30 pm and 6 p.m at LB Road Junction, Adyar. 5 students and 1 faculty from Department of Computer Applications (Shift 1) participated in the Traffic Awareness Campaign at LB Road Junction Signal.

Nearly 15 spinal cord affected persons came to the campaign and spoke on traffic safety. They insisted all the people in the traffic to wear helmets, helmet straps, Seat belts and requested them to ride slowly to avoid accidents. The students volunteered themselves and helped the spinal cord affected persons.

TRAFFIC SIGNAL AWARENESS CAMPAIGN

Name of the Programme : On account of International Spinal cord and Injury day-Traffic

Awareness Campaign

Date and Time : 05/09/2022 @ 4:30 p:m

Number of Beneficiaries : 21 Students

**ACTIVITY BASED PROGRAMME-I கல்விச் செல்வம்**

Name of the Programme : Activity Based Programme-I கல்விச் செல்வம்

Date and Time : 13/09/2022 @ 1:30 p.m

Number of Beneficiaries : 11 students

Venue : Jeevadhanam Society, Adyar, Chennai 20

Objective:

- To enhance communication skills among the students
- Learning basic Math and English helps them to practically implement in their day to day activities

Report

The department of Computer Applications students taught spoken English skills and presentation skills. Some students are interested in Maths and Tamil. Our students interestingly fulfill the requirements of the students.

**Outcome :**

- To educate the students about the basic communicative skills and about Maths.

Name of the Programme : Activity Based Programme-I கனவுகள் மெய்ப்பட

Date & Time : 15/09/2022 @1:30 p:m

Number of Beneficiaries : 9 students

Venue : Jeevadhanam Society, Adyar, Chennai 20

Objective:

- To learn and reflect in their life.
- To face society successfully.

Report

The students of BCA taught basic mathematics and English speaking skills to the kids at Jeevadhanam who didn't go to school for the past two years. The kids learnt very easily from our students

:

Outcome of the Programme

The kids at Jeevadhanam learnt basic math and English speaking skills.

Name of the Programme : SEEDS Outreach Activities Emotional Intelligence

Date and Time : 17/09/2022 @ 4 p.m

Number of Beneficiaries : 70

Objectives

- To Develop self awareness and self management of personal emotions.
- To explore the ways to advance personal emotional intelligence.
- To Recognise emotions in others, responding to those emotions in order to inspire high performance.
- To Understand the consequences of behaviour and weigh decisions before action.

Resource Person Profile

Dr. Ragitha Radhakrishnan is the Head of the Department of Psychology at Dr. MGR - Janaki College of Arts & Science for Women, Chennai. She is also a visiting faculty at Dr. MGR Institute of Special Education and Research and Balavidyalaya Teachers Training Institute. She is the member of Board of Studies in Psychology in University of Madras and Advisory Board member at All India Psychologists Association.

She was an ace student throughout her studies. Her doctoral research was based on developing resilience among students with hearing impairment. She was a gold medalist at university level and has won two best paper awards in international conferences. She was awarded as one among 50 outstanding faculty members in Arts & Science Colleges in India in 2019 by uLektz and the Daniel Goleman Excellence Award for achievement in the field of Psychology by REPRC in 2021. She has published 15 articles in national and international journals and has edited a book 'Transitions'.

She has been the keynote speaker/ resource person for numerous conferences, seminars, workshops and webinars. She works extensively to cater to the mental health needs

of students with physical disabilities. Her areas of interest include Indian psychology, disability psychology, research methodology and positive psychology.

Objective :

The main aim of organizing webinar on Emotional Intelligence helps students to build stronger relationships, succeed at school and work, and achieve your career and personal goals.

Report

Resource person has explained about When people develop their emotional Intelligence they not only have far greater control over their own emotions, they are also better able to perceive the emotions of other people, and build strong, effective relationships with them, discussed about the points such as How to develop emotional intelligence, how to Understand what Emotional Intelligence is and why it's important and Be able to relate more effectively to their colleagues and to others, to Know how to communicate in an emotionally intelligent way , how to Understand how to demonstrate empathy in a wide range of situations and Be aware how their emotions affect their behavior and performance

Outcome of the Programme

- As more and more Artificial Intelligence is entering into the world, more and more emotional intelligence must enter into leadership

Name of the Programme : Rain Water Harvesting

Date and Time : 19/09/2022 , 11 a.m to 1:30 p.m

Number of Beneficiaries : 10 students

Venue : Adyar Rain Center

Objective

To create awareness about Rain water harvesting and to implement the same in the nearby areas

Report

The major problem that everyone faces in their day to day activity is scarcity of water. But it is very simple to solve if we behave as the responsible human being. The very simple and efficient methodology to solve this problem is implementation of Rain water harvesting method in every dwelling area. It is economically very cheap. Taking all these key points into consideration, the department of Computer Applications, took our department students to Rain Centre, Adyar to know about the importance of Rain water harvesting. Dr. Sekhar Raghavan, director of the Rain Centre, explained well about the rain water harvesting and about our heritage water system. Our students actively participated and gained knowledge about saving water.

**Outcome :**

- It reduces soil erosion and flood hazards by collecting rainwater and reducing the flow of stormwater to prevent urban flooding.

Name of the Programme : SEEDS Activities Webinar on Best out of Waste - Thuvakkam NGO

Date and Time : 20/09/2022 @ 6:30p:m

Number of Beneficiaries : 50

Objectives:

- Optimum use of waste material.

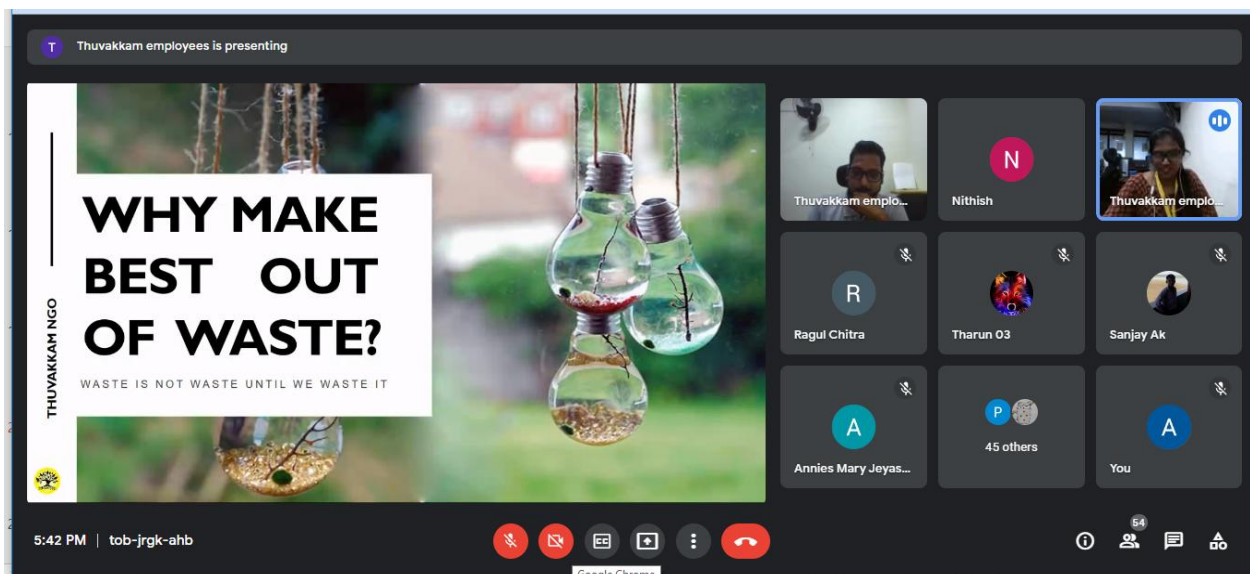

- Minimum harm in the atmosphere.
- Reduction in cutting of trees for paper.
- Development of innovation & creativity.

Report

Webinar explained about the Recycling and reusing the valuable waste material can result in development of fantastic and usable products. Rather than putting these waste materials into the landfills, various innovative and creative ideas can be put together to bring something new and useful.

Shared about the following :

To Enable the students to give this creativity & innovation a shape, How to reduce the destruction of forest & other eco – system, how to Help the society and nation in conserving our nature and Keeping our planet a much safer place for coming generation, and Developing the sense of using ecosystem., Explained lively about how to make paper bags

Outcome

- Learnt to prepare eco-friendly bags.
- To make the best product from the waste.

Name of the Programme : Seminar on Hope(On account of Suicidal Awareness Month)

Date and Time : 21/09/2022 @ 12:30 p.m

Number of Beneficiaries : 80

Venue : Patrician College of Arts and Science(A Block)

Objective:

To provide training to mental health to the students Community

:

Report:

Department of Computer Applications(Shift 1) & Patrician Internal Complaints Committee(PICC) in association with Patrician SEEDs and Thozhan Organization (NGO) conducted a seminar on Account of Suicidal Awareness Month -"Hope" on Wednesday, 21st

September 2022 for the first year BCA students as part of their SEEDs Programme. Mr. M. Radhakrishnan, Founder and Managing Trustee, Thozhan NGO was the resource person of the seminar.

Nearly 60 students Participated in the event and the event was hosted by the BCA Department Secretaries and ICC students. Mr. Radha Krishnan spoke on the topic “ Hope” and explained the value of Life to the students. He shared his real time experience and made the students understand their value of life.

About the Resource Person:

Mr. M. Radhakrishnan who is a researcher by profession currently spearheads a wide range of social activities. His journey began when he along with his friends started supporting orphanages which were struggling to sustain themselves and he soon realised that there are many non-publicised fields which needed attention to ensure the growth of the society. He combined this realization of thought and the demand that students had for a platform that allowed them to bring a change to begin work at Thozhan.

Mr. Radhakrishnan has mentored more than 1,50,000 students across Tamil Nadu in approaching and solving various social issues through leadership programmes every year.

He is described as “a visionary who is extremely passionate, selfless and tolerant” and has been regularly featured in newspapers and prime time debate shows on leading news channels like NDTV, Times Now, CNN, Thanthi TV, News7, Kalaignar TV, etc. as panel member representing socio- political issues.

The organization was also recognized by “India Book of Records” for conducting India’s Largest Traffic Awareness Campaign in 100 signals at the same time in Chennai in the year 2016. Besides Thozhan, he works together with others with hands beyond the organization as he always mentions “Only the Social reform is important, not organization and its name”

**Programme OutCome:**

Giving our body and mind the space to absorb the unstable nature of this crisis can be a compassionate act towards the anxiety we are experiencing.

Name of the Programme : Medical care Camp on association with Thuvakkam NGO

Date and Time : 21/09/2022 @ 9:30 a.m

Name of the Programme : Read & Reveal - And the Mountains Echoed- KHALED HOSSEINI

Date and Time : 04/10/2022 @ 6:30p:m

Resource Person : Mr Karthik Shivaa, Director R & D, Thuvakkam NGO

Objectives:

- Reading to become a better reader
- Read to develop critical thinking skills
- Read for enjoyment.

:

Report:

The book And the Mountains Echoed by KHALED HOSSEINI, ISBN-9781594631764

The book's foundation is built on the relationship between ten-year-old Abdullah and his three-year-old sister Pari and their father's decision to sell her to a childless couple in Kabul, an event that ties the various narratives together.

The core of the story revolves around the helplessness of people from different walks of life. It was devastating to read and think that in reality, people live where they frequently have to give up on things that are important for them, just because they lack resources or power

Outcome

The best way to find yourself is to lose yourself in the service of others - Mahatma Gandhi

Name of the Programme : On account of World Mental Health Day Session on Mental Health

Date and Time : 10/10/2022 @ 6:30p:m

Resource person : Dr Krithika, Emotional Intelligence Coach

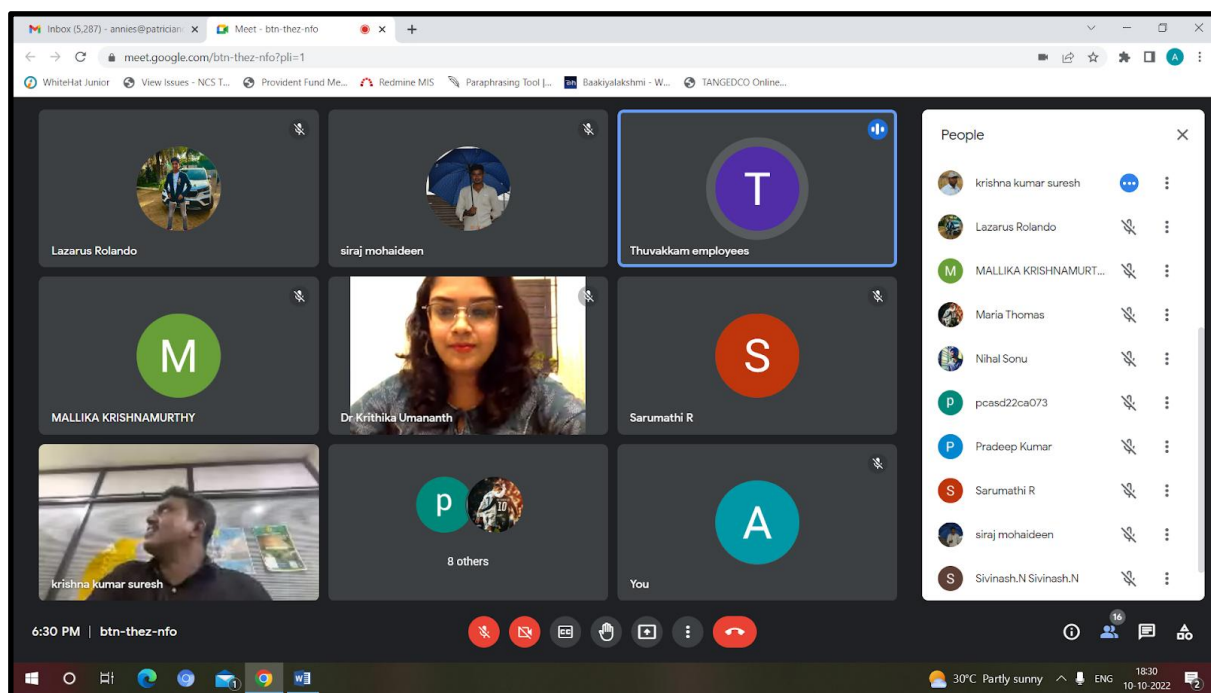

Objectives:

The overall objective of World Mental Health Day is to raise awareness of mental health issues around the world and to mobilize efforts in support of mental health.

Name of the Programme : Tree Care- Urban Forest - Maintenance Drive

Date and Time : 15/10/2022 @ 7:30a:m

Number of Beneficiaries : 11

Venue : Burial Ground, Perungudi, Chennai

Objectives:

To create awareness among the students on tree plantation in Urban area

**Report:**

The students of Department of Computer Applications(Shift I) in association with Thuvakkam NGO and Patrician SEEDS participated in Tree Care Urban Forest Maintenance Drive in Burial Ground, Perungudi, Chennai. A new method was proposed that is not dedicated merely to store the deceased, but also to propagate new life in wake. The world as it stands now has reached nearly 7 billion in population. If we continue to unsustainably bury those who have passed, we will no doubt run out of viable land for future generations to come. This land should instead be used to replenish our forests, promote growth, and provide sustenance for the future. Our students along with Thuvakkam NGO initiates tree planting in the burial ground.

Students :

**Programme Outcome:**

- Purify Air
- Prevent Soil Erosion
- Conserve Energy

Name of the Programme : On account of International Day of the Girl Child-Essay Writing Competition

4. Able to create effective and innovative designs to convey desired idea

Name of the Programme : Powerful Presentation

Date and Time : 02/02//2023 @ 2:30p:m

Number of Beneficiaries : 10

Venue : Jeevadhanam Society, Chennai

Objectives

- Create and manipulate a simple slideshow with outlines and notes.
- Create slide presentations that include text, graphics, animation, and transitions.

Report:

“PowerPoint presentations too often resemble a school play – very loud, very slow, and very simple.”

The Department of Computer Applications faculty and students conducted hands on training on Powerpoint presentation for the children of Jeevadhanam Society. They explained about Slide views, Preparing text, drawings and graphics, preparation of slides, On-screen slide shows, the PowerPoint Normal View and Slide Outline or Thumbnail Pane and so on..

**Outcome**

- Create, edit, save, and print presentations.
- Use design layouts and templates for presentations.
- Create a PowerPoint presentation.

Name of the Programme : On account of World WetLand day - Awareness Programme on
-Read & Reveal - Know and grow your Mangrove Trees

Date and Time : 02/02//2023 @ 6:30p:m

Objectives

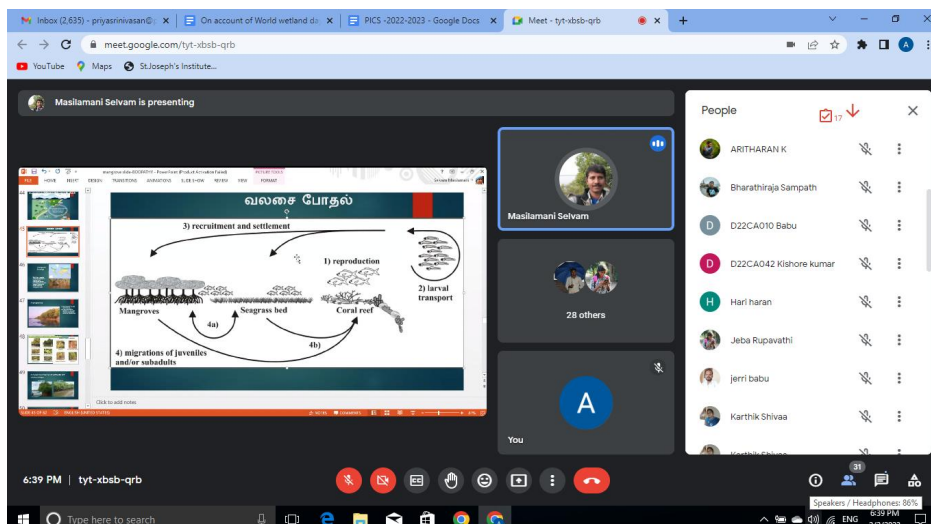

- Mangroves provide natural infrastructure and protection to nearby populated areas by preventing erosion and absorbing storm surge impacts during extreme weather events such as hurricanes

Report

There are 4,107 flora and fauna in the Alayathi forests in India. Birds, fish, and insect species are found in abundance, especially. The Sundarbans forests are the largest wandering forests in the world. Tigers are found only here. It is also a special feature that there are endangered species in the world. Globally, 1% of the world's tidal forests are being destroyed annually. But in India, 1.9 per cent of the population is on the rise. After the 2004 tsunami, there has been an increase in awareness about the tidal forests. We have a special understanding of the tidal forests, which make up 80% of the world's fish.

About Resource Person

People still need to know the uniqueness of the tidal forests. Dr. Masilamani Selvam has written this book with a view to realize the need to protect those people.

Outcome

- India has the distinction of being the third largest country in the study of tidal forests

Name of the Programme : Creating Icons

Date and Time : 03/02//2023 @ 2:30p:m

Number of Beneficiaries : 10

Venue : Jeevadhanam Society, Chennai

Objectives

- to create our own icons is customization.
- Custom icons fit brand design environment and
- become an integral part of an Organization's brand voice.

Report

The word “icon” can take on different meanings depending on the context. But for our purposes, an icon is a graphic symbol or stamp that is designed to represent information, ideas, or objects. Icons have maintained their importance even as technology has advanced.

Today, they often take precedence over letters or words in effective interface design. Computers and smartphone operating systems rely heavily on well-designed icons to steer users to the right apps and programs. The recycling bin, notepad, and save symbols have existed in various forms since personal computing began and are still used in all kinds of digital products and programs.

:

Outcome

- Designing icons can be fun and rewarding.
- Professionals make it look easy, creating symbols that communicate vital information while staying simple, elegant, and contextually appropriate.

Name of the Programme : Seminar on Sexual Harassment of Women - Prevention, Prohibition, Redressal, and Legal Protection of Women in the Workplace and Educational Institutions

Date and Time : 10.02.2023 @ 12:30p:m

Venue : Fintan Hall, C-Block

Objective:

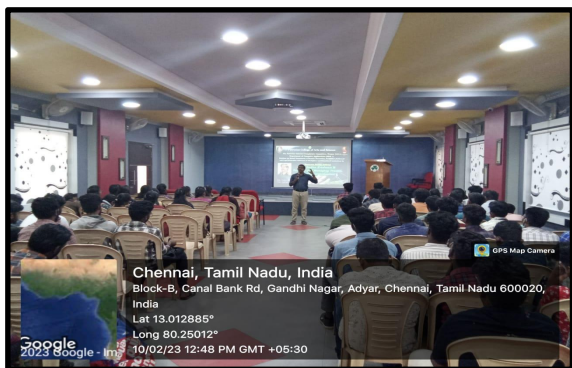

- To create awareness on PoSH act
- To make students aware about the sexual harassment

Report

Report:

Patrician Internal Complaints Committee, women Cell and Department of Computer Applications(Shift 1)in association with Patrician SEEDs and Thozhan Organization (NGO) conducted a seminar on Seminar on Sexual Harassment of Women - Prevention, Prohibition, Redressal, and Legal Protection of Women in the Workplace and Educational Institutions” on Friday, 10th February 2023 from 12:30 p.m to 1.30 p.m at Fintan Hall, C Block. Mr. M. Radhakrishnan, Founder and Managing Trustee, Thozhan NGO was the resource person of the seminar.

Nearly 90 students Participated in the event. Mr. Radha Krishnan spoke on the topic “PoSH act and how to prevent Sexual Harassment of Women -” and explained the value of Life to the students. He shared many real time incidents and explained about the suffering of women affected by Sexual Harassment. He advised the boy students to be aware about the well being of the women in their workplace

Seminar on Sexual Harassment of Women-Mr. M. Radhakrishnan, Founder and Managing Trustee, Thozhan NGO

Interactive Session - Pradeep Kumar, I BCA(B)

Outcome

- At the Organizational level the employer can provide a safe and harassment free environment through provisions and regulations framed within the organization.
- The media can play an important role in curbing this curse from society through films, news, advertisements, dramas that are approachable to the public and through other sources like debates, talk shows, and the media can change the mindset of the people.
- Law Reform Required: One of the limitations of this act is that it excludes men from the scope. This is not a fair treatment. The act must be amended to include men also so that they can also approach the Internal Complaint Committee/ District Committee for their grievances or complaints which can definitely show and prove equal treatment of men and women in the workplace.

**Name of the Programme : Creating Mail Merge**

Date and Time : 16/02//2023 @ 2:30p:m

Number of Beneficiaries : 5

Venue : Jeevadhanam Society, Adyar, Chennai 20

Objectives:

- Create a main document.
- Create a data source.
- Insert merge fields into a main document.
- Perform a mail merge.

Report

Mail merge lets us create a batch of documents that are personalized for each recipient. For example, a form letter might be personalized to address each recipient by name. A data source, like a list, spreadsheet, or database, is associated with the document. Placeholders--called merge fields--tell Word where in the document to include information from the data source. We work on the main document in Word, inserting merge fields for the personalized content you want to include. When the mail merge is complete, the merge document will generate a personalized version of itself for each name in the data source.

Outcome

- Use data from other applications.
- Edit an existing main document.
- Sort and filter a data source.
- Create a catalog-type document and mailing labels

- It's up to us to safeguard these precious natural resources

Name of the Programme : Educational Awareness

Date and Time : 27/02//2023 & 28/02/2023 @ 1:30p:m

Number of Beneficiaries : 6

Venue : Mallippoo Nagar, Adyar, Chennai 20

Objectives:

- Education enables students to make a good living in the future.
- It makes them independent and successful not just culturally but also financially.
- Education empowers to challenge everything that appears to be incorrect.

Report

Education is a never-ending journey. Its primary goal is to promote a child's holistic development. As the child grows, the results of education are visible in the form of a better and more prosperous life. This is mainly because education empowers people to become mindful of their liberties and obligations in a societal structure. It equips them with cognitive ability, physical growth, morals, and ideas. In this way, by empowering future citizens, education also benefits society.

Outcome

- Education teaches how to conduct oneself correctly and effectively.
- Education assists you in discovering the truth and challenges you to think in new ways.
- Illusions get dispelled by proper education.
- It increases awareness and confidence.

Name of the Programme : கல்வி விழிப்புணர்வு-கையெழுத்து கற்பித்தல்

Program Report: Gender Sensitization and Social-Emotional Wellbeing

Date: January 19, 2023

Program Title: Gender Sensitization and Social-Emotional Wellbeing

Organizers: Thunai Backward Community & Patrician College Department of Psychology

Programme

Summary:

On January 19, 2023, the Department of Psychology at Patrician College collaborated with the Thunai Backward Community to organize a programme focused on "Gender Sensitization and Social-Emotional Wellbeing." The event aimed to raise awareness about gender-related issues and promote social-emotional wellbeing among participants. Through interactive sessions and discussions, attendees explored topics such as gender stereotypes, discrimination, and the importance of emotional health.

Objectives:

To increase awareness and understanding of gender-related issues among participants.

To promote empathy, respect, and inclusivity towards all genders.

To enhance participants' social-emotional wellbeing and equip them with coping strategies for managing stress and building resilience.

Activities:

Interactive workshops on gender sensitivity and equality.

Group discussions and sharing sessions on personal experiences related to gender and emotional wellbeing.

Mindfulness and relaxation exercises to promote emotional health and wellbeing.

Outcomes:

Increased awareness and sensitivity towards gender-related issues among participants.

Promotion of empathy, respect, and inclusivity in attitudes and behaviors towards all genders.

Improved understanding and utilization of strategies for enhancing social-emotional wellbeing and resilience.

Feedback:

The Gender Sensitization and Social-Emotional Wellbeing programme received positive feedback from participants. Many expressed appreciation for the opportunity to engage in meaningful discussions about gender and emotional health, which helped broaden their perspectives and deepen their understanding of these important topics. Attendees also found the practical exercises and strategies shared during the programme to be valuable tools for promoting personal wellbeing and fostering more inclusive and supportive communities. Overall, the event was regarded as a successful initiative towards promoting gender equality and emotional wellbeing.

Program Report: Drug Awareness Program

Date: September 23, 2022
Program Title: Drug Awareness Program
Organizers: Patrician College, Vyasarpadi & Government Girls ADW School, Vyasarpadi

Programme

Summary:

On September 23, 2022, Patrician College, Vyasarpadi, collaborated with Government Girls ADW School, Vyasarpadi, to organize a Drug Awareness Program. The event aimed to educate IX standard school students about the dangers of drug abuse and addiction. Through informative sessions and interactive activities, students were made aware of the consequences of drug use and empowered with knowledge to make informed decisions regarding their health and well-being.

Objectives:

- To raise awareness among IX standard school students about the risks and consequences of drug abuse.
- To provide students with information about the various types of drugs and their effects on physical and mental health.
- To empower students with strategies for resisting peer pressure and making healthy choices regarding substance use.

Activities:

Presentations on the dangers of drug abuse and addiction.

Interactive discussions and Q&A sessions to address students' concerns and queries.

Role-playing activities to demonstrate effective ways of refusing drugs and seeking help.

Outcomes:

Increased awareness among students about the risks and consequences associated with drug abuse.

Empowerment of students with knowledge and skills to make healthy choices and resist peer pressure.

Promotion of a supportive and proactive approach towards addressing drug-related issues within the school community.

Feedback:

The Drug Awareness Program received positive feedback from both students and teachers. Participants appreciated the informative sessions and interactive activities, which helped them gain a better understanding of the dangers of drug abuse. Many students expressed gratitude for the opportunity to learn about such important topics and felt more equipped to make informed decisions regarding their health and well-being. Teachers also commended the collaborative effort between Patrician College and Government Girls ADW School in organizing the program and emphasized the importance of continued education and awareness-raising initiatives to combat drug abuse in the community. Overall, the event was regarded as a valuable and impactful initiative towards promoting a drug-free and healthy environment for students.
