

Alumni Report 2023-2024

Alumni associations are essential in fostering lasting connections between graduates and their alma mater. One of the most valuable ways they achieve this is through support services, which benefit both alumni and the institution, fostering a strong, symbiotic relationship. In this regard Departmental Level Alumni meet was organized by the Association on Tuesday , 15th August 2023. Both Shift I and Shift II UG and PG department participated. A total of nearly 450 Alumnus took part from various batches during the meet.

The main agenda of the meeting is to disseminate information to have a insights about a register alumni association and briefed about the various benefits of the association. The inputs provided by alumnus during the department-level meeting includes a variety of suggestions and feedback aimed at improving their experience and engagement with the alumni network. The alumni showed interest in helping the students in career development and guidance, networking opportunities for internships and placement, workshops and interactions with the students for skill development. They also extended their interest in providing financial assistance by fundraising events or scholarships was suggested.
