Subject: Fwd: Schedule for academic mentoring - reg

To: All Faculty

Dear Faculty

Greetings

As part of the IQAC Quality initiative the University examinations results are analysed every semester. As best practice the management council members will conduct the academic mentoring one to one session with faculty who have produced less than 75% pass in the University Exams results. The schedule for academic mentoring is attached.

Faculty members who have to appear for academic mentoring are informed to make necessary arrangements for their classes and attend the mentoring session as given in the schedule in the Academic Directors Office. You are informed to prepare a one page report on the reasons for low pass percentage and suggestions for improvement and bring it along with you when you come for the meeting.

Regards

Dr.Fatima Vasanth

Academic Director |
